

# SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .332"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .332"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109946
- Mfr. No.: SAC-332NB
- Diameter (in): .332
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions for the proper use of the product to ensure safe and effective operation. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that all users are familiar with the proper handling and usage of reloading equipment.
- Always inspect the neck sizing bushings before use for any signs of damage or wear.
- Use the bushings only with compatible resizing dies as specified.
- Keep the bushings out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection and gloves when handling reloading equipment.
- Avoid using the bushings if they show any signs of damage, such as cracks or excessive wear.
- Ensure that the bushing is properly seated in the resizing die before use to prevent accidents.
- Do not exceed the manufacturer's recommended resizing specifications.
- Use caution when handling cartridge brass, as improperly sized brass can lead to dangerous malfunctions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the resizing die is clean and free of debris.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is properly aligned.
- Secure the die in your reloading press according to the manufacturer's instructions.

### 2. Usage:

- Prepare your cartridge brass by cleaning and inspecting it for defects.
- Adjust the resizing die to the appropriate settings as per your specific reloading requirements.
- Insert the cartridge brass into the die and operate the reloading press to resize the neck.
- Remove the resized brass and inspect it for proper dimensions and fit.

### 3. PostUsage:

- Clean the neck sizing bushings after each use to remove any brass residue.
- Store the bushings in a dry and safe place, away from moisture and direct sunlight.

## Disposal Instructions

- Dispose of any damaged or worn neck sizing bushings in accordance with local regulations.
- Recycle materials where possible, following your local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact information provided on the product packaging or visit the manufacturer's website for further assistance.

Thank you for following these safety instructions. Your attention to safety ensures a more enjoyable and secure reloading experience.
