

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .333"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .333"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109947
- Mfr. No.: SAC-333NB
- Diameter (in): .333
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance your reloading process by minimizing neck runout and improving cartridge concentricity. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bushings for any damage or defects before use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using reloading equipment.
- Follow all manufacturer instructions and guidelines during the installation and use of the product.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The SAC Neck Sizing Bushings are sharp and can cause injury if handled improperly.
 - Improper use or installation may lead to equipment malfunction.
- **Avoiding Hazards:**
 - Always handle the bushings with care.
 - Do not use damaged or worn bushings.
 - Ensure that your reloading equipment is compatible with the bushings before use.
 - Keep fingers and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure that your reloading die is clean and free from debris.
 2. Select the appropriate SAC Neck Sizing Bushing size (e.g., .333").
 3. Insert the bushing into the reloading die according to the manufacturer's instructions.
 4. Secure the bushing in place to prevent movement during operation.
- **Usage:**
 1. Prepare your cartridge brass by cleaning and inspecting it for any defects.
 2. Adjust your reloading press to the recommended settings for neck sizing.
 3. Insert the cartridge brass into the die and apply pressure to resize the neck.
 4. Remove the resized brass and inspect it for proper sizing and runout.
 5. Repeat the process as necessary for additional brass.

Disposal Instructions

- Dispose of the SAC Neck Sizing Bushings and any associated materials in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are damaged or worn.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the SAC Neck Sizing Bushings, please refer to the contact information provided by the retailer or manufacturer. Always ensure that you have the latest information regarding product recalls or safety updates.

Thank you for adhering to these safety guidelines. Your safety is our priority, and we hope you enjoy using your SAC Neck Sizing Bushings for a successful reloading experience.
