

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .334"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .334"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109948

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. These bushings are designed to enhance the accuracy and performance of your reloading process. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified.
- Always read and understand the instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- If you encounter any issues or malfunctions, cease use immediately and seek assistance.

Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury. The edges may be sharp.
- Use appropriate protective gear, such as safety glasses and gloves, when handling and installing the bushings.
- Ensure that the resizing die is securely attached to the reloading press before use.
- Do not exceed the recommended specifications for the bushing size and cartridge type.
- Avoid using the bushings with damaged or worn resizing dies.
- Follow all manufacturer guidelines for the reloading process to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die, press, and neck sizing bushing.
- Ensure that your workspace is clean and free from distractions.

2. Installation:

- Remove the resizing die from the press and clean the interior to ensure proper fit.
- Insert the SAC Neck Sizing Bushing into the resizing die. Ensure it is seated correctly and securely.
- Reattach the resizing die to the reloading press, making sure it is tightened properly.

3. Usage:

- Adjust the die height according to your specific reloading setup.
- Place the cartridge brass into the press and ensure it is aligned with the resizing die.
- Operate the press according to the manufacturer's instructions to resize the neck of the cartridge.
- After resizing, inspect the brass for proper sizing and any signs of damage.

4. PostUse Care:

- Clean the bushings after each use to remove any debris or residue.
- Store the bushings in a safe, dry place away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding metal and nonfood items.
- Do not dispose of the bushings in regular household waste. Instead, take them to a designated recycling center if available.
- Ensure that any packaging materials are recycled or disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's website or contact your local distributor. Be sure to have the product information at hand when seeking assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety and for choosing Short Action Customs, LLC.
