

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .335"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .335"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109949
- Mfr. No.: SAC-335NB
- Diameter (in): .335
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings. These bushings are designed to improve the neck sizing process for cartridge brass, ensuring enhanced precision and performance. This safety instruction guide provides essential information to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for installation and usage.
- In case of any doubts or questions, seek assistance from knowledgeable individuals or professionals.

Specific Safety Precautions for Use

- When handling the bushings, wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, to prevent injury.
- Avoid using the bushings if they show any signs of damage, such as cracks or deformities.
- Do not force the bushings into the resizing die; ensure a proper fit to prevent damage to the bushing or die.
- Use the bushings only with compatible resizing dies as specified by the manufacturer.
- Ensure that the resizing die is securely mounted and stable during use to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the resizing die, cartridge brass, and the SAC Neck Sizing Bushing.
- Ensure your workspace is clean and free from obstructions.

2. Installation:

- Remove any previous bushings from the resizing die.
- Insert the SAC Neck Sizing Bushing into the resizing die, ensuring it is properly seated.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

3. Usage:

- Place the cartridge brass into the resizing die.
- Operate the resizing press according to the manufacturer's instructions, applying even pressure.
- Inspect the resized brass for consistency and quality after processing.
- Store the bushings in a safe and dry location when not in use.

Disposal Instructions

- Dispose of the bushings in accordance with local regulations regarding metal waste.
- Do not dispose of the bushings in regular household waste.

- Consider recycling options available in your area for stainless steel materials.

Contact Information for Further Support

For any inquiries or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Always prioritize safety and seek assistance if you are unsure about any aspect of the product's usage.
