

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .338"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .338"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109952
- Mfr. No.: SAC-338NB
- Diameter (in): .338
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

# Safety Instruction Guide for SAC Neck Sizing Bushings

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions for the proper use and maintenance of the product. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- **Product Safety:** Ensure that the neck sizing bushings are used only for their intended purpose. Improper use may lead to accidents or injuries.
- **Enhanced Recalls:** Stay informed about safety recalls. If you receive a recall notice, follow the instructions provided to remedy the situation.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety regulations.
- **Special Consumer Focus:** Keep the bushings out of reach of children and vulnerable individuals to prevent accidental injuries.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer or authorized distributor within the EU.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety.

## Specific Safety Precautions for Use

- Always inspect the bushings for damage before use. Do not use if they are cracked, bent, or otherwise damaged.
- Use the bushings only with compatible neck sizing dies as specified to avoid malfunction.
- Ensure that your reloading setup is stable and secure to prevent accidents during operation.
- Wear appropriate safety gear, including eye protection, when resizing cartridges.
- Do not exceed the recommended specifications for the bushing size and die compatibility.
- Follow all manufacturer guidelines for the reloading process to ensure safe operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the resizing die is securely mounted in your reloading press.
- Select the appropriate SAC neck sizing bushing size for your cartridge.
- Insert the bushing into the resizing die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the brass case into the resizing die with the installed neck sizing bushing.
- Operate the reloading press according to the manufacturer's instructions, applying consistent pressure.
- After resizing, remove the case and inspect it for proper neck sizing and runout.
- Repeat the process for additional cases as needed.

## Disposal Instructions

- Dispose of any damaged or worn bushings according to local regulations for metal recycling.
- Do not dispose of the bushings in regular household waste.
- Ensure that all packaging materials are disposed of responsibly.

## Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer or authorized distributor for assistance. Ensure you have your product details ready for any inquiries.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SAC Neck Sizing Bushings. Thank you for your attention to safety.
