

# **SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .362"**

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

## **Attributes**

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .362"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109957
- Mfr. No.: SAC-362NB
- Diameter (in): .362
- Delivery weight: 1.361kg
- Shipping height: 89mm
- Shipping width: 152mm
- Shipping length: 152mm

# SAC NECK SIZING BUSHINGS SHORT ACTION CUSTOMS, LLC. Safety Instruction Guide

## Introduction

Thank you for choosing the SAC Neck Sizing Bushings. This guide provides important safety information and instructions to ensure the safe use of your product. Please read this guide carefully before using the Neck Sizing Bushings.

## General Safety Guidelines

To ensure safe use of the SAC Neck Sizing Bushings, please adhere to the following guidelines:

- **Product Safety:** Ensure that you use the bushings as intended and in accordance with the manufacturer's instructions to avoid any risks.
- **Enhanced Recalls:** Stay informed about any recall notices regarding this product. If a recall occurs, follow the instructions provided for a remedy.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements similar to those found in physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children. Keep the product out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated contact point as outlined by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety and any potential hazards.

## Specific Safety Precautions for Use

When using the SAC Neck Sizing Bushings, please observe the following safety precautions:

- **Personal Protective Equipment:** Always wear appropriate safety gear, such as safety glasses and gloves, to protect yourself from metal shavings and debris.
- **Inspection:** Before each use, inspect the bushings for any signs of damage or wear. Do not use damaged bushings.
- **Compatibility:** Ensure that the bushings are compatible with your neck sizing die to prevent malfunctions.
- **Proper Handling:** Handle the bushings with care. Avoid dropping or mishandling them to maintain their integrity.
- **Avoid Overuse:** Do not exceed the recommended usage limits for the bushings to prevent premature wear and potential failure.

## Instructions for Installation and Usage

To install and use the SAC Neck Sizing Bushings safely, follow these steps:

1. **Gather Tools:** Ensure you have the necessary tools, including a neck sizing die, a press, and the SAC Neck Sizing Bushings.
2. **Installation:**
  - Remove the existing bushing from your neck sizing die.
  - Insert the SAC Neck Sizing Bushing into the die, ensuring it fits securely.
  - Tighten any locking mechanisms to secure the bushing in place.
3. **Usage:**
  - Prepare your cartridge brass according to your reloading process.
  - Insert the brass into the neck sizing die with the installed bushing.

- Use the press to resize the neck of the brass. Ensure that the press operates smoothly and without resistance.
- After resizing, remove the brass and inspect it for proper sizing.

#### 4. Maintenance:

- Clean the bushings regularly to remove any debris or residue.
- Store the bushings in a dry place to prevent corrosion.

## Disposal Instructions

When the SAC Neck Sizing Bushings reach the end of their life cycle, dispose of them responsibly:

- **Metal Recycling:** As the bushings are made from stainless steel, they can be recycled. Check with local recycling facilities for proper disposal methods.
- **NonRecyclable Parts:** If any components are made from materials that cannot be recycled, dispose of them according to local waste management guidelines.

## Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please consult the manufacturer's website or contact their customer service for assistance.

Thank you for choosing SAC Neck Sizing Bushings. We hope you enjoy using our product safely and effectively.
