

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .364"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .364"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109959

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides important safety information and instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Ensure that the neck sizing bushings are used only with compatible resizing dies.
- Always inspect the bushings for any signs of damage or wear before use.
- Keep the bushings out of reach of children and vulnerable individuals.
- Use the bushings only for their intended purpose to prevent accidents or injuries.
- Report any unsafe products or incidents to local authorities to help ensure consumer safety.

Specific Safety Precautions for Use

- Wear appropriate safety glasses when using the bushings to protect your eyes from brass shavings or debris.
- Use gloves to avoid direct contact with sharp edges or surfaces while handling the bushings.
- Ensure that your workspace is clean and organized to prevent accidents.
- Avoid using excessive force when inserting or removing the bushings from the resizing die to prevent damage.
- Do not modify the bushings or use them in a manner not specified by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have a compatible resizing die and the SAC Neck Sizing Bushing.
- Gather necessary tools, including a reloading press and safety equipment.

2. Installation:

- Remove any existing bushing from the resizing die.
- Clean the die and ensure that it is free of debris.
- Insert the SAC Neck Sizing Bushing into the die, ensuring it fits securely.
- Tighten the die according to the manufacturer's specifications.

3. Usage:

- Place a cartridge case into the resizing die.
- Operate the reloading press smoothly and steadily to resize the neck of the cartridge.
- Check the neck runout after resizing to ensure proper alignment and concentricity.
- Remove the resized cartridge case and inspect it for any defects.

4. PostUse:

- Clean the bushings after use to maintain their performance and longevity.
- Store the bushings in a safe and dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not discard bushings in regular household waste. Instead, consider recycling options if available.

Contact Information for Further Support

For any questions or concerns regarding the SAC Neck Sizing Bushings, please refer to the manufacturer's website or contact their customer support for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your SAC Neck Sizing Bushings. Thank you for your attention to these important guidelines.
