

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .366"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .366"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430109961
- Mfr. No.: SAC-366NB
- Diameter (in): .366
- Delivery weight: 0.113kg
- Shipping height: 3mm
- Shipping width: 76mm
- Shipping length: 127mm

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings by Short Action Customs, LLC. These bushings are designed to enhance the accuracy and performance of your reloading process. This guide provides essential safety instructions to ensure proper use and maintenance of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of damage before use.
- If you encounter any issues during use, cease operation immediately and consult this guide.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves when handling the bushings.
- Avoid using the bushings with damaged or improperly functioning resizing dies.
- Ensure that the bushing size matches the specifications of your resizing die.
- Do not exceed the manufacturer's recommended specifications for resizing.
- Use the bushings in a wellventilated area to avoid inhalation of any dust or particles created during use.
- Follow proper storage practices to protect the bushings from moisture and physical damage.

Instructions for Installation and Usage

• Installation:

1. Ensure that your resizing die is clean and free from debris.
2. Select the appropriate SAC Neck Sizing Bushing based on the diameter of your cartridge neck.
3. Carefully insert the bushing into the resizing die, ensuring it is seated properly.
4. Tighten the die according to the manufacturer's instructions.

• Usage:

1. Prepare your cartridge brass for resizing by cleaning and inspecting each piece.
2. Place the cartridge brass into the resizing die with the installed bushing.
3. Apply consistent pressure when resizing to avoid any irregularities.
4. After resizing, check the neck runout using appropriate measuring tools.
5. Clean the bushing and die after each use to maintain performance.

Disposal Instructions

- Dispose of the bushings according to local regulations for metal recycling.
- Do not dispose of the product in household waste.
- If the bushings are damaged beyond use, contact local recycling facilities for proper disposal methods.

Contact Information for Further Support

For additional support or inquiries regarding safety, please consult the manufacturer's website or customer service. Ensure that you have the product details on hand for any assistance required.

By following these safety instructions, you can enjoy the benefits of the SAC Neck Sizing Bushings while ensuring a safe reloading experience. Thank you for your attention to these guidelines.
