

SAC NECK SIZING BUSHINGS - SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .368"

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Short Action Customs Universal Neck Sizing bushings are compatible with common neck sizing dies. Universal outside dimensions of 0.500" diameter by 0.375" in height, these bushings can be used in most resizing dies. Short Action Customs neck resizing bushings have minimized neck runout in cartridge brass in nearly every die they have used them in. After attempting to eliminate and reduce neck runout in sized brass using various commercially available neck bushings, they realized that every neck bushing has the same flaw; a straight, undersized hole when compared to the brass. Their new bushings address the inherent flaws with this system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 stainless steel, then processed with the same black nitriding as their Precision Resizing Dies, the SAC Universal Neck bushings have an incredibly smooth inside finish paired with an extremely slick external finish from nitriding and polishing. Compatible with the following Bushing Size Die Brands: RCBS Whidden Harrells Redding Hornady LE Wilson

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. SAC NECK SIZING BUSHING .368"](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)

Safety Instruction Guide for SAC Neck Sizing Bushings

Introduction

Thank you for choosing the SAC Neck Sizing Bushings from Short Action Customs, LLC. This guide provides essential safety instructions and information to ensure safe and effective use of the product. Please read this document carefully before use.

General Safety Guidelines

- Ensure safe use of the SAC Neck Sizing Bushings by following these guidelines:
 - Always inspect the bushings for any visible damage before use.
 - Use the bushings only with compatible neck sizing dies.
 - Keep the bushings out of reach of children.
 - Do not use the bushings for any purpose other than intended.
 - Follow all manufacturer instructions when using resizing dies.
 - If you notice any abnormalities during use, stop immediately and consult an expert.

Specific Safety Precautions for Use

- To avoid potential hazards:
 - Wear safety glasses to protect your eyes from debris when resizing cartridges.
 - Use appropriate gloves to prevent skin contact with brass shavings.
 - Ensure your workspace is clean and free of clutter to avoid accidents.
 - Do not exceed the recommended sizing limits for your specific brass.
 - Be cautious of sharp edges on resized brass after using the bushings.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the SAC Neck Sizing Bushings:

1. Preparation:

- Gather all necessary tools, including neck sizing die, bushings, and a press.
- Ensure your workspace is welllit and organized.

2. Installation:

- Remove the die from your reloading press.
- Insert the SAC Neck Sizing Bushing into the die.
- Ensure that the bushing is seated correctly and securely.
- Reattach the die to the press.

3. Usage:

- Place a cartridge case into the die.
- Operate the press to size the neck of the cartridge.
- Inspect the resized brass for any defects or irregularities.
- Repeat the process as necessary, ensuring to monitor for any signs of wear on the bushings.

Disposal Instructions

- Properly dispose of any used or damaged SAC Neck Sizing Bushings:
 - Do not throw bushings in regular trash.
 - Check local regulations for recycling or hazardous waste disposal.
 - If the bushings are still functional but no longer needed, consider donating to a local shooting club or community resource.

Contact Information for Further Support

- For safety inquiries or additional support, please reach out to your local distributor or the manufacturer directly. Ensure you have your product details ready for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you have a successful experience using the SAC Neck Sizing Bushings.
