

AR-15/M16 DT-PR CARBINE STOCK - MAGPUL DT-PR COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 FDE

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The DT-PR stock is the Precision Rifle (PR) variant of our new Dual-Tension (DT) series of carbine stocks. It incorporates Magpul's proprietary, patent-pending DT adjustment system, mitigating play between the buffer tube and the stock, resulting in a tighter fit across the stock's entire length of pull. It also minimizes snagging of facial hair and skin where the shooter's face contacts the stock. The DT-PR has a contoured butt-pad for improved shoulder purchase and minimal contact with the collar bone, allowing shooters to maintain comfort during heads-up and heads-down shooting with various optics. The extended bottom of the stock provides shooters with an exceptionally steady contact point on squeeze bags for more precise shots when prone, while remaining entirely functional as an on-the-move tactical platform. The DT-PR includes an ambidextrous, rotation-limited QD cup for sling attachment. It's also compatible with Magpul's legacy CTR Cheek Risers when the stock is fully extended or on rifles without rear-facing charging handles, giving shooters adjustable comb height for improved efficiency in target acquisition and field of view. For a lot less than other precision stocks, the DT-PR provides an incredibly steady platform combined with better control. Made in the USA. New LOP-adjustment Dual Tension system improves ease of adjustment while securing LOP placement, limiting secondary movements, and improving durability. Improves ease of adjustment while securing LOP placement, limiting secondary movements, and improving durability. Single, anti-snap ambidextrous control lever. Unique stock shape aids in precision shooting. Support-hand rest on front strap to minimize movement. Bottom support acts as a bag rider for shooting rests. Enhanced Ergonomics. Non-slip rubber butt-pad with rollover on the toe. Sloping cheek weld combines a slim profile with user comfort. Side mounting slots accept optional CTR® Cheek Risers for use with a fully extended stock and on rifles without rear-facing charging handles. Compatible with MOE SL® Enhanced Rubber Butt-Pad, 0.70" for additional LOP. Sling Attachment Variety. Compatible with Magpul ASAP®, ASAP® QD and other receiver-mount sling attachments. Rear M-LOK slot functions as a footman's loop for direct sling attachment, and can also accept the optional M-LOK® QD Sling Mount for push-button swivels. Rotation-limiting, integral push-button QD swivel sling mount accommodates up to 1.5" swivels (ambidextrous). Technical Specifications: Platform: AR10, AR15, M4, M16, M110, SR25. Compatibility: Mil-Spec sized carbine receiver extension tube (not included) from manufacturers such as Colt, LMT, Ruger, S&W, SIG, and others*. LOP, M4 Collapsed: ~11.0 in. LOP, M4 Extended: ~14.3 in. LOP Adjustment Range: 3.3 in. Length, max: 7.4 in. Height, max: 5.3 in. Width, max: 1.6 in. Other Specs: *Specifications based on standard-length (flat-back) M4 Carbine receiver extension and may vary depending on tube manufacturer. NOTE: There are two basic sizes of M4 Carbine receiver extensions (buffer tubes): Mil-Spec and Commercial-Spec. The DT Carbine Stock will only fit with the common Mil-Spec tube.

Safety Instruction Guide for AR15/M16 DTPR Carbine Stock

Introduction

Thank you for choosing the AR15/M16 DTPR Carbine Stock by Magpul. This safety instruction guide provides important information on how to safely use, install, and dispose of the product, ensuring compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to ensure a safe and effective experience with your new carbine stock.

General Safety Guidelines

- Ensure the product is suitable for your firearm and intended use.
- Always handle firearms and accessories with care and respect.
- Follow all local laws and regulations regarding firearm accessories.
- Store the product in a safe place, away from children and unauthorized users.
- Perform regular inspections of the carbine stock for wear and damage.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the weight limit specified by the manufacturer when using the stock.
- Ensure the stock is properly secured to the firearm before use.
- Avoid using the stock if it shows signs of damage or wear.
- Use caution when adjusting the length of pull (LOP) to prevent pinching or injury.
- Be mindful of your surroundings and ensure a safe shooting environment.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Required Tools:** Ensure you have all necessary tools for installation, including a wrench if required.
2. **Remove Existing Stock:** Carefully remove the existing stock from your firearm following the manufacturer's instructions.
3. **Attach the DTPR Stock:**
 - Align the stock with the buffer tube.
 - Secure the stock by tightening the adjustment lever or screw as specified in the manufacturer's instructions.
4. **Check Stability:** After installation, ensure the stock is firmly attached and does not wobble.

Usage Instructions

- **Adjusting the Length of Pull (LOP):**
 - To adjust the LOP, locate the adjustment lever and follow the manufacturer's instructions.
 - Ensure the adjustment is secure before using the stock.
- **Using the Stock:**
 - Position the stock against your shoulder, ensuring a comfortable fit.
 - Maintain a proper shooting stance and grip on the firearm.
 - Utilize the ambidextrous QD cup for sling attachment as needed.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for polymer materials.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the AR15/M16 DTPR Carbine Stock, please refer to the manufacturer's website or customer support resources available in your region.

Thank you for prioritizing safety and compliance while using your firearm accessories.
