

# AR-15/M16 DT-PR CARBINE STOCK - MAGPUL DT-PR COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 ODG

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The DT-PR stock is the Precision Rifle (PR) variant of our new Dual-Tension (DT) series of carbine stocks. It incorporates Magpul's proprietary, patent-pending DT adjustment system, mitigating play between the buffer tube and the stock, resulting in a tighter fit across the stock's entire length of pull. It also minimizes snagging of facial hair and skin where the shooter's face contacts the stock. The DT-PR has a contoured butt-pad for improved shoulder purchase and minimal contact with the collar bone, allowing shooters to maintain comfort during heads-up and heads-down shooting with various optics. The extended bottom of the stock provides shooters with an exceptionally steady contact point on squeeze bags for more precise shots when prone, while remaining entirely functional as an on-the-move tactical platform. The DT-PR includes an ambidextrous, rotation-limited QD cup for sling attachment. It's also compatible with Magpul's legacy CTR Cheek Risers when the stock is fully extended or on rifles without rear-facing charging handles, giving shooters adjustable comb height for improved efficiency in target acquisition and field of view. For a lot less than other precision stocks, the DT-PR provides an incredibly steady platform combined with better control. Made in the USA. New LOP-adjustment Dual Tension system improves ease of adjustment while securing LOP placement, limiting secondary movements, and improving durability Improves ease of adjustment while securing LOP placement, limiting secondary movements, and improving durability Single, anti-snap ambidextrous control lever Unique stock shape aids in precision shooting Support-hand rest on front strap to minimize movement Bottom support acts as a bag rider for shooting rests Enhanced Ergonomics Non-slip rubber butt-pad with rollover on the toe Sloping cheek weld combines a slim profile with user comfort Side mounting slots accept optional CTR® Cheek Risers for use with a fully extended stock and on rifles without rear-facing charging handles Compatible with MOE SL® Enhanced Rubber Butt-Pad, 0.70" for additional LOP Sling Attachment Variety Compatible with Magpul ASAP®, ASAP® QD and other receiver-mount sling attachments Rear M-LOK slot functions as a footman's loop for direct sling attachment, and can also accept the optional M-LOK® QD Sling Mount for push-button swivels Rotation-limiting, integral push-button QD swivel sling mount accommodates up to 1.5" swivels (ambidextrous) Technical Specifications: Platform: AR10, AR15, M4, M16, M110, SR25 Compatibility: Mil-Spec sized carbine receiver extension tube (not included) from manufacturers such as Colt, LMT, Ruger, S&W, SIG, and others\* LOP, M4 Collapsed: ~11.0 in. LOP, M4 Extended: ~14.3 in. LOP Adjustment Range: 3.3 in. Length, max: 7.4 in. Height, max: 5.3 in. Width, max: 1.6 in. Other Specs: \*Specifications based on standard-length (flat-back) M4 Carbine receiver extension and may vary depending on tube manufacturer. NOTE: There are two basic sizes of M4 Carbine receiver extensions (buffer tubes): Mil-Spec and Commercial-Spec. The DT Carbine Stock will only fit with the common Mil-Spec tube.

## Attributes

- Name: [MAGPUL DT-PR COLLAPSIBLE MIL-SPEC CARBINE STOCK FOR AR-15 ODG](#)
- Manufacturer: [MAGPUL](#)

- Product no.: 430110116
- Mfr. No.: MAG1447-ODG
- Colour: Olive Drab Green
- Material: Polymer
- Style: Collapsible
- Type: Mil-Spec
- Weapon type: AR-15
- Delivery weight: 0.408kg
- Shipping height: 51mm
- Shipping width: 171mm
- Shipping length: 203mm
- UPC: 840815148302

# AR15/M16 DTPR Carbine Stock Safety Instructions

## Introduction

Thank you for choosing the AR15/M16 DTPR Carbine Stock by Magpul. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read and follow these guidelines carefully.

## General Safety Guidelines

- Ensure safe use of the carbine stock by following all safety instructions.
- Be aware of potential hazards associated with firearm accessories.
- Always handle firearms with care and follow local laws and regulations.
- Store the carbine stock and associated firearms in a secure location away from children and unauthorized users.
- Regularly inspect the carbine stock for any signs of wear or damage before use.
- If you notice any defects or issues, do not use the product and contact a qualified professional for assistance.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the carbine stock.
- Use the carbine stock only with compatible firearms as specified in the product specifications.
- Do not exceed the recommended weight limit for accessories attached to the carbine stock.
- Avoid placing your face or body in front of the firearm's muzzle at all times.
- When adjusting the length of pull (LOP), do so carefully to avoid pinching fingers or causing injury.
- Use the ambidextrous control lever with caution to prevent accidental adjustments while in use.
- Be mindful of the surrounding environment and ensure a safe shooting area when using the firearm equipped with this stock.

## Instructions for Installation and Usage

### Installation

1. **Preparation:** Ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Old Stock:** If applicable, remove the existing stock by loosening the retention screw on the buffer tube.
3. **Attach the DTPR Stock:** Slide the DTPR stock onto the buffer tube until it is securely in place.
4. **Secure the Stock:** Tighten the retention screw to ensure the stock is firmly attached.
5. **Adjust Length of Pull:** Use the DT adjustment system to set the desired length of pull, ensuring it is secure and comfortable.

### Usage

1. **Shoulder the Firearm:** Position the carbine stock against your shoulder, ensuring a firm grip and proper alignment.
2. **Aim Safely:** Use the sights or optics on your firearm to aim at your target while keeping the muzzle pointed in a safe direction.
3. **Firing:** When ready, engage the trigger while maintaining control of the firearm.
4. **PostFire Procedures:** After firing, ensure the firearm is unloaded and the stock is securely in place before handling further.

## **Disposal Instructions**

- Dispose of the carbine stock in accordance with local regulations for plastic waste.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents any risk of injury to others.
- Consider recycling options where available to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries, concerns, or to report unsafe products, please reach out to the appropriate local authorities or consult the EU's Safety Gate platform for updates on product recalls and safety information.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority.
