

M5 (.308) ATLAS S-ONE M-LOK FREE FLOATING HANDGUARDS FOR AR 308 - AERO PRECISION M5 (.308) ATLAS S-ONE 15" HANDGUARD M-LOK FOR AR-308 ODG

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 12.7" - 7.66 oz / 15" - 8.71 oz Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Mounting Hardware Weight: 4.72 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M5E1 Enhanced Upper Receivers SPECS Made In America? Yes Platform M5 Series ATLAS Attachment Type M-LOK Material Machined from 6061-T6 aluminum M-LOK Handguard Weights: 12.7" - 7.66 oz / 15" - 8.71 oz Other Mounting Hardware Weight: 4.72 oz ATLAS Handguards are designed to match seamlessly with Aero's M5E1 Threaded Upper Receivers. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. PLEASE NOTE: These handguards do not come with a wrench. A standard armorers wrench will work with all M5 ATLAS Handguards.

Safety Instruction Guide for M5 (.308) ATLAS SONE MLOK Free Floating Handguards

Introduction

Thank you for choosing the M5 (.308) ATLAS SONE MLOK Free Floating Handguard for your AR 308 Aero Precision M5 platform. This guide provides essential safety instructions, installation tips, and maintenance information to ensure safe and effective use of your handguard. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the handguard.
- Always follow the manufacturer's guidelines for your firearm and accessories.
- Inspect the handguard and all components for damage before installation.
- Keep the handguard and any tools out of reach of children and unauthorized users.
- Use only compatible components and accessories as specified in this guide.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Use the handguard only for its intended purpose as a component of your AR 308 firearm.
- Do not modify the handguard or any of its components.
- Ensure proper installation to avoid potential hazards such as misalignment or loosening during use.
- Utilize the quick disconnect sling sockets only as intended; do not exceed the weight limits.
- Regularly check for wear and tear, especially on the mounting hardware.
- If you experience any issues during installation or use, cease operation immediately and seek assistance.

Instructions for Installation and Usage

Installation Steps

1. Preparation:

- Gather all necessary tools, including a standard armors wrench.
- Ensure the firearm is unloaded and safe to work on.

2. Remove Existing Handguard:

- Carefully detach the existing handguard from your AR 308 platform.

3. Install the ATLAS Handguard:

- Align the ATLAS handguard with the barrel nut.
- Use the two mirrored tapered locking nuts to secure the handguard.
- Tighten the locking nuts evenly to ensure proper clamping pressure.
- Utilize the turnbuckle screw for additional security.

4. Check Alignment:

- Ensure that the handguard is aligned properly with the receiver and that there is no distortion.
- Verify that all mounting hardware is securely fastened.

5. Final Inspection:

- Inspect the installation to ensure there are no loose parts.
- Confirm that the handguard is stable and secure before use.

Usage Tips

- Always ensure that the firearm is in a safe condition before handling.
- Use the indexing grooves for a secure grip.
- Follow all local laws and regulations regarding firearm usage.

Disposal Instructions

- Dispose of the handguard and any associated materials in accordance with local regulations.
- Do not dispose of the handguard in regular household waste.
- Consider recycling options available in your area for aluminum materials.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please refer to the official Aero Precision website or contact your local distributor.

By adhering to these safety guidelines, you can enhance your experience with the M5 (.308) ATLAS SONE MLOK Free Floating Handguard while ensuring your safety and the safety of others. Thank you for your commitment to responsible firearm ownership.
