The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

# Safety Instruction Guide for ATLAS RONE MLOK Free Floating Handguards for AR15

## Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides essential safety instructions to ensure the safe use, installation, and maintenance of your handguard. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the handguard is compatible with your specific AR15 model to avoid installation issues.
- Always handle firearms and firearm accessories responsibly and in accordance with local laws and regulations.
- Inspect the handguard for any visible damage before installation. Do not use if damaged.
- Keep the handguard and all related components out of reach of children and unauthorized users.
- Use appropriate safety gear, such as eye protection, when installing or handling the handguard.
- Follow all manufacturer instructions regarding the use and maintenance of the handguard.

## Specific Safety Precautions for Use

- **Avoid Overtightening:** When installing the handguard, do not overtighten the mounting hardware as this may lead to damage or distortion.
- **Proper Installation:** Ensure that the handguard is installed securely and correctly to prevent any movement during use.
- **Check Compatibility:** The ATLAS RONE handguard is designed for milspec AR15 upper receivers. Ensure compatibility before installation.
- **Use with Care:** Handle the firearm with the installed handguard carefully, especially when firing, as improper handling can lead to accidents.
- **Regular Inspections:** Regularly check the handguard and mounting system for wear and tear, ensuring all parts are functioning properly.

## Instructions for Installation and Usage

1. **Gather Required Tools:** Ensure you have the necessary tools, including a torque wrench, Allen keys, and any other tools specified in the installation instructions.
2. **Prepare Your Workspace:** Work in a clean, dry area free from distractions. Ensure you have adequate lighting.
3. **Remove Existing Handguard:** If replacing an existing handguard, follow the manufacturer's guidelines to safely remove it.
4. **Install the Barrel Nut:**
  - Place the custom engineered barrel nut on the upper receiver.
  - Use the turnbuckle screw to secure it in place, ensuring even pressure is applied.
5. **Attach the Handguard:**
  - Align the handguard with the barrel nut.
  - Use the provided tapered locking nuts to secure the handguard. Ensure they are tightened evenly.
6. **Check Alignment:** Confirm that the handguard is aligned properly with the upper receiver. Adjust as necessary.
7. **Final Tightening:** Using a torque wrench, tighten the locking nuts to the specified torque settings provided in the installation manual.

8. **Inspect Installation:** Once installed, check for any movement or looseness. Ensure everything is secure before usage.
9. **Test Functionality:** Before using the firearm, perform a function check to ensure that the handguard does not interfere with the operation of the firearm.

## Disposal Instructions

- Dispose of the handguard and any packaging materials in accordance with local regulations.
- If the handguard is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the handguard in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or usage of the ATLAS RONE handguard, please refer to the manufacturer's customer support resources. Ensure you have the product information available when seeking assistance.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your ATLAS RONE MLOK Free Floating Handguards. Thank you for your attention to these important safety guidelines.
