The ATLAS R-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the R-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Our proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Available in KeyMod and M-LOK® profiles with 12" and 15" options (7" and 9" options coming soon). ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design KeyMod Handguard Weights: 7" - 5.12 oz / 9" - 5.92 oz / 12" - 7.84 oz / 15" - 8.96 oz M-LOK Handguard Weights: 7" - 5.22 oz / 9" - 6.03 oz / 12" - 8 oz / 15" - 9.07 oz Mounting Hardware Weight: 4.72 oz (same across all ATLAS Handguard options) Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels ATLAS Handguards are designed to match seamlessly with our M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo.

Safety Instruction Guide

Introduction

Thank you for choosing the ATLAS RONE MLOK Free Floating Handguards for your AR15. This guide provides essential safety instructions and information to ensure the safe use and installation of your handguard. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the handguard is compatible with your specific AR15 model before installation.
- Always follow the manufacturer's installation instructions to avoid potential hazards.
- Inspect the handguard and all mounting hardware for any damage before use.
- Do not exceed the weight limits specified for accessories attached to the handguard.
- Keep the handguard and all components away from children and unauthorized users.
- Report any unsafe conditions or accidents related to the product to the appropriate authorities.

Specific Safety Precautions for Use

- **Installation Precautions:**

- Ensure that the firearm is unloaded before beginning the installation.
- Use appropriate tools and follow the recommended torque specifications to avoid damage.

- **Usage Precautions:**

- Regularly check the tightness of all mounting hardware to prevent loosening during use.
- Avoid using the handguard as a resting point for excessive weight, which may cause failure.

- **Environmental Precautions:**

- Avoid exposure to extreme temperatures or corrosive environments that may affect the handguard's materials.
- Clean the handguard with mild soap and water; avoid harsh chemicals that could damage the finish.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench, and ensure you have all components included with the handguard.
- Ensure your workspace is clean and free of distractions.

2. Installation Steps:

- Ensure the firearm is unloaded and remove the existing handguard if applicable.
- Align the ATLAS RONE handguard with the upper receiver of your AR15.
- Secure the handguard using the provided mounting hardware, ensuring proper fit.
- Use a torque wrench to tighten the mounting hardware to the manufacturer's specifications.
- Check for any movement or play in the handguard; it should be securely attached.

3. Usage:

- Familiarize yourself with the handguard's features, including the full top picatinny rail for optional attachments.
- Attach accessories as needed, ensuring they do not exceed the recommended weight limits.
- Regularly inspect the handguard during use for any signs of wear or damage.

Disposal Instructions

- Dispose of the handguard and any packaging materials in accordance with local regulations.
- Recycle materials where possible, such as aluminum components.
- Do not dispose of the handguard in a manner that could pose environmental hazards.
