

ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 12.7" HANDGUARD M-LOK FREE FLOAT FOR AR-15 ODG

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

ATLAS SONE MLOK Free Floating Handguard Safety Instruction Guide

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your handguard. Please read and understand this document before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure that the handguard is used only for its intended purpose as specified in this guide. The ATLAS SONE is designed for use with AR15 platforms.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall is issued, follow the instructions provided for returning or remedying the product.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with EU safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals. This product is not a toy and should only be handled by responsible adults.
- **EU Contact Point:** For any safety inquiries, please refer to the manufacturer's contact point in the EU.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Potential Hazards:** Improper installation may lead to the handguard loosening during use, which can cause injury. The handguard may become hot during use; handle with care to avoid burns. Ensure compatibility with your AR15 model to avoid malfunctions.
- **Avoiding Hazards:** Always follow the installation instructions carefully. Do not exceed the recommended weight limits for attachments on the handguard. Regularly inspect the handguard and mounting hardware for signs of wear or damage. Use protective gear when handling firearms.

Instructions for Installation and Usage

1. Installation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools and hardware included with your ATLAS SONE Handguard.
- Follow the steps below for proper installation:
 - Remove the existing handguard if applicable.
 - Install the barrel nut using the provided turnbuckle screw, ensuring even pressure with the ATLAS locking nuts.
 - Align the handguard with the receiver and secure it in place.
 - Tighten all mounting hardware according to the specifications provided in the installation manual.
 - Doublecheck all connections for security before use.

2. Usage:

- Ensure the firearm is in a safe condition before handling.
- Use the handguard for stabilizing your grip and as a mounting point for accessories.
- Avoid placing excessive weight on the handguard beyond its specifications.
- Regularly clean and maintain the handguard to ensure optimal performance.

Disposal Instructions

- Dispose of the handguard and any associated packaging materials in accordance with local waste disposal regulations.
- Do not dispose of the handguard in fire, as it may release harmful fumes or cause injury.
- If the handguard is damaged or no longer in use, consider recycling it if possible.

Contact Information for Further Support

For any questions or concerns regarding the ATLAS SONE Handguard, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Proper use and care of your ATLAS SONE MLOK Free Floating Handguard will ensure a safe and enjoyable experience.
