## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# Safety Instruction Guide for ATLAS SONE MLOK Free Floating Handguard for AR15

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides important safety information, installation instructions, and general care tips to ensure safe and effective use of your handguard. Please read this guide carefully before use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the handguard by following all instructions. This product is designed for nonfood use and must be handled with care.
- **Enhanced Recalls:** In the event of a safety recall, you will be notified through standardized notices. Always keep your purchase information for reference.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements. Verify that the product is genuine and meets EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please contact the designated EUbased representative of the manufacturer.
- **Rapid Alerts:** Stay informed on product safety by checking the EU's Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the handguard is installed correctly to avoid any accidents or malfunctions during use.
- **Compatibility:** This handguard is compatible with milspec AR15 upper receivers. It is NOT compatible with M4E1 Enhanced Upper Receivers.
- **Weight Consideration:** The handguard is lightweight but ensure that your firearm is balanced and manageable when installed.
- **Avoid Overtightening:** When installing, do not overtighten the mounting hardware to prevent damage to the handguard or the firearm.
- **Inspect Regularly:** Regularly inspect the handguard for any signs of wear or damage. Replace if any issues are found.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench, and ensure you have a clean workspace.
- Verify that you have the correct model of the ATLAS SONE handguard for your AR15.

### 2. Installation:

- Remove the existing handguard from your AR15 upper receiver.
- Align the ATLAS handguard with the upper receiver, ensuring the indexing grooves are properly seated.
- Use the provided mounting hardware to secure the handguard.
- Tighten the screws to the manufacturer's specified torque settings, being careful not to overtighten.

### 3. Usage:

- Once installed, familiarize yourself with the handguard features, including the front and rear picatinny rails and quick disconnect sling sockets.
- Ensure that all accessories mounted on the handguard are securely fastened and do not obstruct the operation of the firearm.

#### **4. PostInstallation Check:**

- After installation, perform a function check of your AR15 to ensure everything operates smoothly and safely.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of the ATLAS SONE handguard in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper recycling or disposal methods for aluminum products.

## **Contact Information for Further Support**

For any questions or concerns regarding the ATLAS SONE MLOK Free Floating Handguard, please refer to the manufacturer's website or contact their customer support team.

Thank you for your attention to these safety instructions. Enjoy your new handguard and stay safe!
