

THE QUAKE CLAW 2.0 SLING WITH SWIVELS - CLAW 2.0 SLING WITH SWIVELS SNOW CAMO

THE QUAKE CLAW 2.0 SLING WITH SWIVELS The CLAW Sling System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The durable CLAW Rifle Sling can be used with rifles, shotguns or any firearm with swivel studs mounted on the buttstock and barrel. Comfortable to use and easy to clean, the CLAW Rifle Sling will not hold water like foam, urethane or leather slings.

Safety Instruction Guide for THE QUAKE CLAW 2.0 SLING WITH SWIVELS

Introduction

Thank you for choosing THE QUAKE CLAW 2.0 SLING WITH SWIVELS. This guide provides essential safety information and instructions to ensure the safe and effective use of your sling. Please read this document carefully before use.

General Safety Guidelines

- Always ensure that your firearm is unloaded when attaching or detaching the sling.
- Regularly inspect the sling for any signs of wear or damage. Do not use if damaged.
- Ensure that the swivels are securely attached to the firearm before use.
- Keep the sling out of reach of children and vulnerable individuals.
- Use the sling only with firearms that have swivel studs mounted on the buttstock and barrel.
- Follow all local laws and regulations regarding firearm safety and handling.

Specific Safety Precautions for Use

- Do not overload the sling with excessive weight beyond its intended use.
- Avoid using the sling in conditions that may compromise its performance, such as extreme temperatures or wet environments.
- Be cautious when transitioning between standing and kneeling positions to prevent the firearm from slipping.
- Always maintain a firm grip on your firearm when using the sling to prevent accidental discharge.
- Ensure that the sling does not obstruct your movement or visibility while aiming.

Instructions for Installation and Usage

Installation

1. Attach the Swivels:

- Locate the swivel studs on your firearm.
- Align the sling's swivels with the studs and securely attach them by rotating the swivel until it locks into place.

2. Adjust the Length:

- Adjust the sling length to fit your body comfortably. This can be done by pulling on the adjustment straps to achieve the desired fit.

Usage

- When using the sling, position it over your shoulder and across your body for maximum stability.
- To carry your firearm, ensure that the sling is adjusted to allow for a secure fit without slipping.
- When aiming, keep the firearm close to your body and maintain control of the sling to prevent any unintended movement.

Disposal Instructions

- Dispose of the sling responsibly. If the sling is damaged beyond repair, consider recycling materials

where possible.

- Follow local regulations for disposing of textile materials.

Contact Information for Further Support

For any inquiries regarding safety or product support, please reach out to the manufacturer directly. Ensure to keep your purchase information handy for reference.

Conclusion

By following these safety guidelines and instructions, you can ensure the safe and effective use of THE QUAKE CLAW 2.0 SLING WITH SWIVELS. Always prioritize safety and responsible firearm handling. Thank you for your attention and enjoy your product.
