

THE QUAKE CLAW 2.0 SLING WITH SWIVELS - CLAW 2.0 SLING WITH SWIVELS REALTREE MAX-7

THE QUAKE CLAW 2.0 SLING WITH SWIVELS The CLAW Sling System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The durable CLAW Rifle Sling can be used with rifles, shotguns or any firearm with swivel studs mounted on the buttstock and barrel. Comfortable to use and easy to clean, the CLAW Rifle Sling will not hold water like foam, urethane or leather slings.

Attributes

Safety Instruction Guide for THE QUAKE CLAW 2.0 SLING WITH SWIVELS

Introduction

Thank you for choosing THE QUAKE CLAW 2.0 SLING WITH SWIVELS. This product is designed to enhance your shooting experience while providing safety and comfort. Please read this safety instruction guide carefully to ensure proper use and maintenance of the sling, as well as to comply with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the sling is used only with firearms that are compatible with swivel studs.
- Always handle firearms with care and follow basic firearm safety rules.
- Keep the sling and all firearms out of reach of children and unauthorized users.
- Regularly inspect the sling for any signs of wear, damage, or malfunction before each use.
- If you notice any defects or issues, discontinue use immediately and seek professional assistance.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the sling.
- Adjust the sling to fit comfortably and securely on your shoulder.
- Avoid excessive weight on the sling to prevent strain or injury.
- Do not use the sling in wet or slippery conditions to avoid losing grip on the firearm.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.

Instructions for Installation and Usage

1. Installation of the Sling:

- Ensure the firearm is unloaded.
- Attach the swivel clips to the swivel studs mounted on the buttstock and barrel of the firearm.
- Adjust the length of the sling for a comfortable fit on your shoulder.

2. Using the Sling:

- Place the sling over your shoulder, ensuring that the nonslip pad is positioned correctly.
- Adjust the sling to allow for approximately 1/2" of stretch for optimal weight distribution.
- Check that the firearm is secure in the sling and that it does not move excessively during use.

3. Cleaning and Maintenance:

- Clean the sling regularly with a damp cloth to remove dirt and debris.
- Avoid using harsh chemicals that may damage the material.
- Allow the sling to air dry completely before storing it.

Disposal Instructions

- When disposing of the sling, ensure that it is done in an environmentally friendly manner.
- Check with local waste management authorities for guidelines on disposing of synthetic materials.
- Do not burn the sling as it may release harmful chemicals.

Contact Information for Further Support

For any safety inquiries or additional support regarding THE QUAKE CLAW 2.0 SLING WITH SWIVELS, please refer to the EUbased contact point provided with your product.

Conclusion

By following these safety instructions, you can enjoy the benefits of THE QUAKE CLAW 2.0 SLING WITH SWIVELS while ensuring your safety and the safety of others. Remember to stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for your attention to these important guidelines.
