

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING - QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING BLACK

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING The Claw Sling 2.0 System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The Slip-On Shotgun model clinches down on a shotgun barrel and stock to hold it in place. No Swivel studs are needed. FEATURES: Lightweight Non-Slip pad Durable and odor resistant Will not fade or crack Does not require sling swivel studs

THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Quake Claw 2.0 SlipOn Shotgun Sling. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the sling properly and safely.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the sling is securely attached to the firearm before use.
- Inspect the sling for any signs of wear or damage before each use.
- Keep the firearm pointed in a safe direction at all times.
- Be aware of your surroundings and ensure that no one is in the line of fire.
- Store the firearm and sling in a secure location when not in use, away from children and unauthorized users.

Specific Safety Precautions for Use

- Ensure the nonslip pad is clean and free of debris to maintain its gripping ability.
- Do not exceed the manufacturer's recommended weight limit for the sling.
- Avoid using the sling in extreme weather conditions that may affect its performance.
- If you experience any discomfort while using the sling, discontinue use immediately.
- Always follow the firearm manufacturer's instructions regarding sling use and attachment.

Instructions for Installation and Usage

Installation

1. Prepare the Sling:

- Remove the sling from its packaging.
- Inspect the sling for any damage or defects.

2. Attach the Sling:

- Position the sling around the shotgun barrel and stock.
- Ensure that the nonslip pad is facing inward towards the firearm.
- Adjust the sling to fit snugly without excessive force.

3. Secure the Sling:

- Pull the sling ends to tighten and secure it in place.
- Ensure that the sling is firmly attached and does not move when pulled.

Usage

- Once installed, place the sling over your shoulder for carrying.
- Adjust the length of the sling as needed for comfort.
- When using the firearm, ensure that the sling does not obstruct your movements or aim.
- After use, remove the sling from the firearm by loosening the tension and gently sliding it off.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged or no longer needed, consider recycling the materials when possible.
- Do not dispose of the sling in regular household waste if it contains nonbiodegradable materials.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Quake Claw 2.0 SlipOn Shotgun Sling, please reach out to your local retailer or manufacturer's support team.

This safety instruction guide is designed to ensure your safe use of the Quake Claw 2.0 SlipOn Shotgun Sling. By following these guidelines, you can enjoy a secure and comfortable shooting experience. Thank you for your attention to safety!
