

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING - CLAW 2.0 SLIP-ON SHOTGUN SLING CAMO

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING The Claw Sling 2.0 System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The Slip-On Shotgun model clinches down on a shotgun barrel and stock to hold it in place. No Swivel studs are needed. FEATURES: Lightweight Non-Slip pad Durable and odor resistant Will not fade or crack Does not require sling swivel studs

Attributes

Safety Instructions for THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING

Introduction

Thank you for choosing THE QUAKE CLAW 2.0 SlipOn Shotgun Sling. This safety instruction guide is designed to help you understand the safe use, installation, and maintenance of your shotgun sling in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully to ensure your safety and the proper functioning of the product.

General Safety Guidelines

- Ensure the sling is compatible with your firearm before use.
- Always inspect the sling for damage or wear before each use.
- Do not exceed the recommended weight limits of the sling.
- Keep the sling away from children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before attaching or detaching the sling.
- Do not use the sling in wet or slippery conditions that may affect grip.
- Avoid using the sling with firearms that exceed its weight capacity.
- Do not modify the sling in any way, as this may compromise its safety.
- Ensure the nonslip pad is clean and free from debris to maintain grip.
- Be cautious when adjusting the sling to prevent pinching or injury.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and safe to handle.
2. **Positioning:** Align the sling with the shotgun barrel and stock.
3. **Attachment:** Slide the sling onto the barrel and stock until it is securely in place.
4. **Adjustment:** Adjust the length of the sling for a comfortable fit on your shoulder.

Usage

- When using the sling, ensure it is properly adjusted to your shoulder for maximum comfort.
- The nonslip pad should rest against your shoulder to prevent slipping during use.
- Regularly check the fit and security of the sling during use, especially after movement or adjustments.
- If you experience any discomfort or instability, remove the sling and reassess the fit.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.
