

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING - QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING CAMO

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING The Claw Sling 2.0 System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The Slip-On Shotgun model clinches down on a shotgun barrel and stock to hold it in place. No Swivel studs are needed. FEATURES: Lightweight Non-Slip pad Durable and odor resistant Will not fade or crack Does not require sling swivel studs

Attributes

- Name: [QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING CAMO](#)

THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the QUAKE CLAW 2.0 SlipOn Shotgun Sling. This sling is designed for comfort and stability while handling your shotgun. Please read this safety instruction guide carefully to ensure safe use and maintenance of the product.

General Safety Guidelines

- Follow all manufacturer instructions for installation and use.
- Keep the sling out of reach of children and vulnerable individuals.
- Inspect the sling regularly for any signs of wear or damage.
- Do not use the sling if it shows any signs of deterioration or failure.
- Always ensure your firearm is unloaded when attaching or detaching the sling.
- Be aware of your surroundings and ensure the firearm is pointed in a safe direction.

Specific Safety Precautions for Use

- Ensure that the sling is properly secured to the shotgun to prevent accidental detachment.
- Avoid overtightening the sling, as this may cause damage to the firearm or sling.
- Do not use the sling with firearms that are not compatible with the SlipOn design.
- Use the sling only as intended; do not modify or alter the sling in any way.
- Be cautious when moving or adjusting the shotgun while the sling is attached.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded.
- Position the sling over the shotgun barrel and stock.
- Adjust the sling to fit snugly around the barrel and stock, ensuring it is secure but not overly tight.
- Check that the nonslip pad is in contact with the shoulder area for optimal grip.

2. Usage:

- When using the sling, ensure that it is resting comfortably on your shoulder.
- Adjust the length of the sling as needed for a proper fit.
- Maintain a firm grip on the shotgun while using the sling to stabilize the firearm.
- Regularly check the stability of the sling during use to ensure it remains secure.

Disposal Instructions

- Dispose of the sling responsibly in accordance with local regulations.
- If the sling is damaged or no longer usable, do not attempt to repair it. Instead, recycle or dispose of it in a manner that prevents environmental harm.

Contact Information for Further Support

For any safety inquiries or concerns regarding the QUAKE CLAW 2.0 SlipOn Shotgun Sling, please refer to the manufacturer's contact information provided with the product.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your QUAKE CLAW 2.0 SlipOn Shotgun Sling. Always prioritize safety and be mindful of your surroundings while handling firearms. Thank you for your attention to these important guidelines.
