

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING - CLAW 2.0 SLIP-ON SHOTGUN SLING BROWN

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING The Claw Sling 2.0 System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The Slip-On Shotgun model clinches down on a shotgun barrel and stock to hold it in place. No Swivel studs are needed. FEATURES: Lightweight Non-Slip pad Durable and odor resistant Will not fade or crack Does not require sling swivel studs

THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the QUAKE CLAW 2.0 SlipOn Shotgun Sling. This product is designed to enhance your shooting experience by providing a secure and comfortable way to carry your shotgun. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the sling is used only for its intended purpose: to carry shotguns securely.
- Always verify that your firearm is unloaded before attaching or detaching the sling.
- Regularly inspect the sling for any signs of wear or damage before each use.
- Keep the sling out of reach of children and unauthorized users.
- Follow all local laws and regulations regarding the use of firearms and firearm accessories.

Specific Safety Precautions for Use

- **NonSlip Pad:** The nonslip pad is designed to prevent slipping; however, always doublecheck that the sling is secure before use.
- **Weight Distribution:** Ensure that the sling is properly adjusted to distribute the weight of the firearm evenly across your shoulder.
- **Avoid Overstretching:** Do not exceed the recommended stretch of 1/2" to maintain the integrity of the sling.
- **Secure Attachment:** The SlipOn model is designed to clinch securely; ensure that the shotgun barrel and stock are properly held in place.
- **No Swivel Studs Required:** Do not attempt to use swivel studs with this sling, as it is designed to function without them.

Instructions for Installation and Usage

1. Installation:

- Slide the sling onto the shotgun barrel and stock.
- Ensure the sling is positioned correctly and clinches securely around both the barrel and stock.
- Adjust the length of the sling to fit your comfort level.

2. Usage:

- Always carry the shotgun in a safe direction.
- When using the sling, ensure that the firearm is balanced and secure.
- If you experience any discomfort, readjust the sling for better fit and weight distribution.
- Take care when transitioning from carrying to shooting; ensure a smooth and safe transition.

Disposal Instructions

- Dispose of the sling responsibly at the end of its life cycle.
- Check local regulations for proper disposal methods for textile products.
- If the sling is damaged beyond use, consider recycling options if available.

Contact Information for Further Support

For any safety inquiries or concerns regarding the QUAKE CLAW 2.0 SlipOn Shotgun Sling, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your QUAKE CLAW 2.0 SlipOn Shotgun Sling. Always prioritize safety and responsibility when handling firearms and their accessories. Thank you for your attention to these important guidelines.
