

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING - QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING BROWN

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

THE QUAKE CLAW 2.0 SLIP-ON SHOTGUN SLING The Claw Sling 2.0 System is widely known for having the best non-slip pad incorporated into a sling. The extremely durable and odor resistant pad is molded into the sling webbing to allow approximately 1/2" of stretch. This stretch spreads the weight of the firearm across the shoulder area greatly increasing your comfort. The unique gripping action of the non-slip pad keeps the firearm in place on your shoulder, eliminating the tugging, rolling and pulling caused by other slings on the market. The Slip-On Shotgun model clinches down on a shotgun barrel and stock to hold it in place. No Swivel studs are needed. FEATURES: Lightweight Non-Slip pad Durable and odor resistant Will not fade or crack Does not require sling swivel studs

Safety Instruction Guide for THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING

Introduction

Thank you for choosing THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING. This product is designed to enhance your shooting experience by providing a secure and comfortable way to carry your shotgun. However, to ensure safety and proper use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the shotgun is unloaded when installing or adjusting the sling.
- Keep the sling away from children and unauthorized users.
- Regularly inspect the sling for signs of wear or damage before each use.
- Do not use the sling if it shows any signs of damage or if it does not function as intended.
- Be aware of your surroundings and ensure that you have a clear line of sight when handling your firearm.

Specific Safety Precautions for Use

- The nonslip pad is designed to keep your firearm secure; however, always doublecheck that the sling is properly attached before use.
- Do not exceed the recommended weight limit for the sling. Ensure that your shotgun is within the sling's capacity.
- Avoid using the sling in extreme weather conditions, as this may affect the materials and functionality.
- Do not use the sling for any purpose other than carrying a shotgun.
- Ensure that the sling does not obstruct your movement or visibility while carrying your firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure the shotgun is unloaded.
- Position the sling around the shotgun barrel and stock.
- Pull the sling tight to ensure it clinches down securely on the shotgun.
- Verify that the nonslip pad is in contact with the shoulder area for optimal grip.
- Check that the sling is not twisted and is aligned properly.

2. Usage:

- When carrying your shotgun, ensure that the sling is adjusted to a comfortable length.
- The nonslip pad should be resting against your shoulder for maximum stability.
- If you feel any discomfort or if the shotgun shifts during movement, stop and readjust the sling.
- When not in use, store the shotgun in a safe location where it cannot be accessed by children or unauthorized individuals.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged or no longer usable, consider recycling the materials where possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or concerns regarding THE QUAKE CLAW 2.0 SLIPON SHOTGUN SLING, please reach out to the appropriate support channels available in your region.

By following these guidelines and instructions, you can ensure the safe and effective use of your shotgun sling. Thank you for prioritizing safety!
