

THE QUAKE CLAW 2.0 TREESTAND CARRY STRAPS - QUAKE CLAW TREESTAND CARRY STRAPS CAMO

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Slings](#)

THE QUAKE CLAW 2.0 TREESTAND CARRY STRAPS The Quake CLAW 2.0 Treestand Carry Straps are the answer to the continuous transport struggle for tree stand hunters. Fitting most stands on the market, the adjustable straps allow easy on and off from your shoulders, a common complaint heard about other backpack straps sold with treestands. The nonslip, durable straps offer a comfortable carrying solution to an otherwise tedious task and will not hold water like foam pads. The CLAW Treestand Carry Straps are compact, lightweight and resistant to odor absorption.

Safety Instructions for THE QUAKE CLAW 2.0 TREESTAND CARRY STRAPS

Introduction

Thank you for choosing THE QUAKE CLAW 2.0 Treestand Carry Straps. These straps are designed to enhance your experience while transporting treestands, ensuring safety and comfort. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure that the product is suitable for your specific treestand model.
- Always inspect the carry straps for damage or wear before each use.
- Do not exceed the weight limit specified for your treestand and carry straps.
- Store the carry straps in a dry place to prevent mildew and odor.
- Keep the straps away from children and pets when not in use.
- Follow all local regulations regarding treestand use and hunting.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) while using the carry straps.
- Use the straps only for their intended purpose: transporting treestands.
- Do not use the straps if they show any signs of damage, such as fraying or tearing.
- Avoid carrying heavy loads that could cause strain or injury.
- Be mindful of your surroundings while using the straps, especially in uneven terrain.
- Ensure that the straps are securely fastened before lifting or carrying the treestand.

Instructions for Installation and Usage

1. Installation

- Unpack the carry straps and ensure all components are included.
- Locate the attachment points on your treestand.
- Thread the straps through the designated loops or hooks on the treestand.
- Adjust the straps to ensure a snug fit without excessive tightness.

2. Usage

- Place the carry straps over your shoulders, ensuring they are evenly distributed.
- Adjust the straps for comfort and balance before lifting the treestand.
- When lifting, bend at your knees and keep your back straight to avoid injury.
- Carry the treestand close to your body for better balance and control.
- When setting down the treestand, do so gently to avoid damage or injury.

Disposal Instructions

- Dispose of the carry straps in accordance with local waste disposal regulations.
- If the straps are damaged beyond repair, consider recycling materials if possible.
- Do not dispose of the straps in regular household waste if they can be recycled.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your purchase.

Thank you for your attention to these safety guidelines. Enjoy your treestand hunting experience with THE QUAKE CLAW 2.0 Treestand Carry Straps!
