

# TYPE-S ELITE BUSHING DIE SET - REDDING 25 CREEDMOOR BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 25 CREEDMOOR BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 25 CREEDMOOR BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET REDDING 25 CREEDMOOR BUSHING DIE SET. This product is designed for precision reloading and is built with your safety in mind. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always handle reloading equipment with care and follow the manufacturer's instructions.
- Ensure that your work area is clean, organized, and welllit to prevent accidents.
- Keep the die set out of reach of children and vulnerable individuals.
- Use personal protective equipment, such as safety glasses and gloves, when handling components.
- Regularly inspect your equipment for wear or damage before use.
- In case of any malfunction or uncertainty regarding the equipment, cease use immediately and consult a professional.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of injury from sharp edges or moving parts.
- Risk of overworking brass, which may lead to case failure.
- Potential exposure to hazardous materials.

### • Instructions for Avoiding Hazards:

- Always ensure the die is properly secured before use.
- Do not exceed the recommended neck tension settings.
- Use the appropriate bushing size for your cartridge to avoid excessive pressure.
- Avoid using damaged or worn bushings.

### • Age and AudienceSpecific Warnings:

- This product is intended for use by individuals over the age of 18 or under adult supervision.
- Ensure that inexperienced users are guided by someone knowledgeable in reloading.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the reloading press is securely mounted and stable.
2. Select the appropriate bushing for your cartridge and insert it into the die.
3. Secure the die into the reloading press according to the manufacturer's instructions.

### • Usage:

1. Adjust the die to the desired setting before beginning the reloading process.
2. Insert the brass case into the die and begin the sizing process.

3. Monitor the neck tension to ensure it remains within the recommended limits.
4. After sizing, remove the brass case and inspect for any signs of damage.

- **PostUsage:**

- Clean the die set after each use to ensure longevity.
- Store the die set in a dry, cool place away from direct sunlight.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle materials where possible, ensuring that hazardous materials are handled appropriately.
- For any specific disposal instructions related to the product, consult local waste management guidelines.

## **Contact Information for Further Support**

For any safety inquiries, product support, or to report unsafe products, please consult the appropriate EU contact point or your local safety authority.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can help ensure a safe and effective reloading experience with the TYPES ELITE BUSHING DIE SET REDDING 25 CREEDMOOR BUSHING DIE SET. Thank you for your attention to these important safety instructions.
