

SLEDGEHAMMER OMNI-BUSTER AMBIDEXTROUS CHARGING HANDLE FOR AR-308 - BREEK ARMS SLEDGEHAMMER OMNI-BUSTER AMBIDEX CHARGING HDL FOR AR-308

BREEK ARMS SLEDGEHAMMER OMNI-BUSTER AMBIDEXTROUS CHARGING HANDLE FOR AR-308 The Sledgehammer Omni-Buster™ AR-10 Charging Handle is engineered for shooters running suppressed rifles who demand reliable gas mitigation without oversized controls. Its internal gas-management system delivers three integrated gas-reducing features for both left and right handed shooters, significantly minimizing blowback at the shooter's face when running unsuppressed or suppressed. The Omni-Buster features a balanced ambidextrous design with robust serrated latches for confident manipulation under stress. Machined from aerospace-grade 7075-T6 aluminum and finished with Type III hard-coat anodizing, the Omni-Buster is built for hard use while maintaining smooth, repeatable operation across all mil-spec AR-10 platforms.

Sledgehammer OmniBuster Ambidextrous Charging Handle Safety Instructions

Introduction

Thank you for choosing the Sledgehammer OmniBuster Ambidextrous Charging Handle for AR308. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read these safety instructions carefully before use to ensure proper handling and maintenance.

General Safety Guidelines

- Always treat the charging handle as if it is loaded, even when it is not.
- Ensure that you are familiar with the operation of your firearm before using the charging handle.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Inspect the charging handle regularly for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm safety and usage.

Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction at all times when manipulating the charging handle.
- Use the charging handle only with compatible firearms, specifically those designed for AR10 platforms.
- Be aware of your surroundings and ensure that no one is in close proximity when operating the charging handle.
- Avoid using the charging handle while wearing gloves that may hinder grip or control.
- Do not force the charging handle if it does not operate smoothly; inspect for obstructions or damage.

Instructions for Installation and Usage

Installation

1. **Ensure Safety:** Before installation, ensure that the firearm is unloaded and pointed in a safe direction.
2. **Remove the Old Charging Handle:** If applicable, remove the existing charging handle by pulling it out of the receiver.
3. **Insert the OmniBuster:** Align the Sledgehammer OmniBuster Charging Handle with the receiver and slide it into place.
4. **Test Functionality:** Pull the charging handle back and release it to ensure it operates smoothly without obstruction.

Usage

- To operate the charging handle, grip the serrated latch firmly with your dominant hand.
- Pull the charging handle back to chamber a round or clear the chamber as needed.
- Release the charging handle to allow it to return to its original position.
- For lefthanded shooters, ensure you are comfortable manipulating the handle from the left side.

Disposal Instructions

- When disposing of the Sledgehammer OmniBuster Charging Handle, follow local regulations for electronic waste and metal recycling.
- Ensure that the charging handle is rendered unusable before disposal to prevent accidental use.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your product packaging.

Thank you for prioritizing safety while using your Sledgehammer OmniBuster Ambidextrous Charging Handle. Your attention to these guidelines helps ensure a safe and enjoyable shooting experience.
