

# ENHANCED GAS RING - J P ENTERPRISES AR 308 ENHANCED GAS RING

[Home](#)

After testing numerous minute grind callouts, the final JP Enhanced Gas Rings spec is the perfect balance of a solid gas seal with a very low-friction relationship between rings and bolt carrier. Reducing the resistance between these components directly results in an overall increase in the rifle's reliability while the rings utilize the cycling action itself to scrape the walls of the carrier, helping shed fowling with every shot. The JPEGR-308 utilizes a one-piece design similar to the Mcfarland rings. Unlike the Mcfarland rings, though, our precision-ground gas rings are engineered to precisely suit DPMS-patterned carrier group components such as our own JP EnhancedBolt™.

## Attributes

- Name: [J P ENTERPRISES AR 308 ENHANCED GAS RING](#)
- Manufacturer: [J P ENTERPRISES](#)
- Product no.: 452000169
- Mfr. No.: JPEGR-308
- Weapon type: AR .308
- Delivery weight: 0.009kg
- Shipping height: 1mm
- Shipping width: 76mm
- Shipping length: 127mm
- UPC: 812872022918

# Safety Instruction Guide for JP Enhanced Gas Ring

## Introduction

Thank you for choosing the JP Enhanced Gas Ring. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure you understand the installation and usage instructions before proceeding.
- Always handle the gas ring with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the gas ring for signs of wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with DPMS LR308 or AR15 rifles as specified.
- Ensure the gas ring is compatible with your specific rifle model.
- Avoid using excessive force during installation to prevent damage.
- Do not modify the gas ring in any way; alterations can compromise safety.
- Always wear appropriate safety gear when handling firearms.
- Keep the work area clean and free from distractions during installation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (e.g., a small punch tool).

### 2. Installation Steps:

- Remove the bolt carrier group from the rifle.
- Carefully remove the old gas rings from the bolt carrier.
- Clean the bolt carrier and ensure it is free from debris.
- Install the JP Enhanced Gas Ring by sliding it onto the bolt carrier.
- Ensure the gas ring is seated properly and fits snugly.

### 3. Usage:

- After installation, reassemble the bolt carrier group into the rifle.
- Test the functionality of the gas ring by cycling the action.
- Monitor the performance during use; ensure there are no issues with cycling or gas sealing.

### 4. PostUse Maintenance:

- After each use, clean the gas ring and bolt carrier to prevent fouling accumulation.
- Inspect the gas ring regularly for wear, and replace if necessary.

## **Disposal Instructions**

- Dispose of any damaged or worn gas rings according to local regulations.
- Do not dispose of the gas ring in regular household waste.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the JP Enhanced Gas Ring, please reach out to your local retailer or manufacturer's support team. They can provide you with the necessary assistance and information.

Thank you for following these safety instructions. Your safety and the safe operation of your firearm are our top priorities.
