Safety Instruction Guide for LEWIS LEAD REMOVER BROWNELLS LEWIS LEAD REMOVER 30/32 CALIBER RUBBER TIP

Introduction

Thank you for choosing the Lewis Lead Remover. This product is designed to effectively remove lead fouling from the forcing cone, barrel, and chamber of your pistol, ensuring optimal accuracy without damaging your firearm. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose, which is to remove lead fouling from firearms.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety goggles and gloves, when using the lead remover.
- Use the lead remover in a wellventilated area to avoid inhalation of lead particles and fumes.
- Never use the lead remover on a hot barrel or firearm, as this may cause injury or damage.
- Avoid using excessive force when removing lead to prevent damage to the firearm.
- Do not use the lead remover with any other cleaning products unless specifically recommended by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and the chamber is clear before beginning any cleaning process.
- Gather all necessary materials, including the Lewis Lead Remover Kit components: handle, cone tip, rubber tip, brass patches, and JB Bore Cleaner.

2. Installation:

- Attach the appropriate tip (cone or rubber) to the handle securely.
- Ensure that the tip is firmly in place before proceeding.

3. Usage:

- Insert the tip into the barrel of the firearm.
- Gently rotate the handle while pulling it back and forth to remove lead fouling.
- Use brass patches to wipe the barrel clean after using the lead remover.
- For optimal results, follow up with JB Bore Cleaner to ensure a leadfree barrel.

4. PostUse Care:

- After cleaning, disassemble the lead remover and clean the tips and handle as per the

- manufacturer's instructions.
- Store the product in a cool, dry place away from direct sunlight.

Disposal Instructions

- Dispose of any used brass patches and lead residue in accordance with local regulations regarding hazardous waste.
- Do not dispose of the product in regular household waste. Instead, check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the Lewis Lead Remover, please refer to the manufacturer's website or customer support resources. It is important to have access to assistance for any safety-related questions or issues that may arise.

This safety instruction guide is provided to ensure the safe use of the Lewis Lead Remover in compliance with the EU General Product Safety Regulation (GPSR). Please adhere to all guidelines and precautions outlined in this document to ensure a safe and effective experience.
