# Safety Instruction Guide for BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS

## Introduction

Thank you for choosing the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS, specifically the LYMAN #14 TRIM XPRESS BUSHING for 375 H&H Magnum. This product is designed to enhance the efficiency and precision of your case trimming process. However, it is essential to use this product safely and responsibly. This guide provides important safety instructions and guidelines to ensure your safety and the proper use of the product.

## General Safety Guidelines

- Always read and understand the user manual before using the product.
- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the product for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the bushings only with compatible cases as specified by the manufacturer.
- Ensure that the cutter is securely attached before operating the trimming system.
- Avoid wearing loose clothing or accessories that may get caught in the equipment during use.
- Always operate the product in a welllit and clean workspace.
- Do not attempt to modify the product in any way.
- If the product malfunctions, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

### 1. Installation:

- Unbox the bushing and inspect for any visible damage.
- Ensure the cutter is clean and free from debris.
- Insert the bushing into the Case Trim Xpress system according to the manufacturer's instructions.
- Securely fasten all components to prevent any movement during operation.

### 2. Usage:

- Place the brass case firmly against the carbide cutter.
- Ensure that the bushing is properly aligned with the case.
- Apply a steady and even pressure to trim the case.
- After trimming, remove the case and inspect the cut for accuracy.
- Clean the bushing and cutter after each use to maintain performance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling if applicable.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of this product, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure a safe and effective experience with the BUSHINGS FOR BRASS SMITH CASE TRIM XPRESS. Thank you for your attention to safety.
