

BULLET PULLER COLLET - RCBS 45 CALIBER BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

BULLET PULLER COLLET RCBS 45 CALIBER Safety Instruction Guide

Introduction

Thank you for choosing the BULLET PULLER COLLET RCBS 45 CALIBER. This product is designed to safely and effectively pull jacketed bullets from a variety of calibers. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow the manufacturer's instructions when using the bullet puller.
- Keep the bullet puller out of reach of children and vulnerable individuals.
- Inspect the bullet puller and collets for any damage before use.
- Do not use the bullet puller for rimfire ammunition.
- Ensure that the bullet puller is used in a wellventilated area.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Use the appropriate collet for the caliber of the bullet being pulled. For the RCBS 45 caliber, ensure you have the correct collet installed.
- Avoid wearing loose clothing or jewelry that may get caught during operation.
- Always ensure the bullet puller is securely attached to the reloading press before use.
- Do not place your hands or face near the bullet puller while in operation.
- Follow safe handling practices for all ammunition components to avoid accidental discharge.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the 7/814 threading.
- Select the appropriate collet for the bullet caliber you are working with.
- Install the collet into the bullet puller body by following the manufacturer's instructions.
- Securely attach the bullet puller to the reloading press.

2. Usage:

- Place the bullet to be pulled into the installed collet.
- Firmly close the collet around the bullet, ensuring a secure grip.
- Operate the reloading press according to the manufacturer's guidance to pull the bullet from the casing.
- After use, carefully remove the bullet from the collet and inspect for any damage.

Disposal Instructions

- Dispose of any damaged or wornout collets and bullet pullers according to local regulations.
- Do not dispose of ammunition components in regular household waste.
- Check with local authorities for proper disposal methods for ammunition and reloading supplies.

Contact Information for Further Support

For any inquiries regarding safety, usage, or troubleshooting, please refer to the manufacturer's contact details provided in the product packaging or manual. Ensure that you have the product information ready when reaching out for support.

Thank you for your attention to these safety instructions. By following these guidelines, you will help ensure a safe and effective experience with your BULLET PULLER COLLET RCBS 45 CALIBER.
