

AR-15/AR-10™ AR VISE BLOCKS - SINCLAIR INTERNATIONAL

SINCLAIR AR-15 VISE BLOCK

[Gunsmith Tools](#) > [Rifle Tools](#) > [Bench & Vise Blocks](#)

The Sinclair Vise Block is the perfect tool for securely holding your AR-15/AR-10® in a bench vise. The Vise Block inserts into your magazine well just like a magazine and the bottom half of the block can be clamped into a vise. You can tilt the block in the vise to work at a different angle if desired. You can also insert the vise block into the top of the lower assembly allowing you to work on the bottom side. The Vise Block is made of machined high density polyethylene, so it is extremely solid. Great workbench tool. AR-10® Model only fits Armalite® AR-10® pattern rifles, does not fit DPMS/SR25 pattern rifles.

AR15/AR10™ AR VISE BLOCKS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Sinclair AR15/AR10™ Vise Block. This guide provides essential safety instructions and usage information to ensure safe handling and operation of your product. Please read this guide thoroughly before using the Vise Block.

General Safety Guidelines

- Always use the Vise Block in a wellventilated area.
- Keep the workspace clean and organized to avoid accidents.
- Ensure that the Vise Block is compatible with your firearm model before use.
- Do not modify the Vise Block in any way.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when working on firearms.
- Keep the Vise Block out of reach of children and unauthorized individuals.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting it into the Vise Block.
- Do not attempt to use the Vise Block with a firearm that is not designed for it (e.g., AR10® Model only fits Armalite® AR10® pattern rifles).
- Avoid placing excessive force on the Vise Block when clamping it in the vise.
- Do not exceed the manufacturer's recommended torque specifications when working on the firearm.
- Be cautious of sharp edges and moving parts while using the Vise Block.

Instructions for Installation and Usage

1. Preparation:

- Verify that the firearm is unloaded and safe to handle.
- Gather all necessary tools and equipment for your intended work.

2. Inserting the Vise Block:

- Insert the top half of the Vise Block into the magazine well of your AR15/AR10®.
- Ensure that the block is seated securely and fits snugly.

3. Clamping the Vise Block:

- Position the bottom half of the Vise Block in your bench vise.
- Gently tighten the vise to secure the block without applying excessive force.

4. Adjusting the Angle:

- If necessary, tilt the block in the vise to achieve the desired working angle.

5. Working on the Firearm:

- Use appropriate tools to perform maintenance or modifications on the firearm.
- Always follow the manufacturer's instructions for any additional parts or accessories being installed.

6. Removing the Vise Block:

- After finishing your work, loosen the vise and carefully remove the Vise Block from both the vise and the firearm.

Disposal Instructions

- Dispose of the Vise Block in accordance with local regulations.
- Do not dispose of the Vise Block in regular household waste if it is damaged or no longer usable.
- Check with local waste management authorities for proper disposal methods for plastic materials.

Contact Information for Further Support

For any questions regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for prioritizing safety while using the Sinclair AR15/AR10™ Vise Block. By following these guidelines, you can ensure a safe and effective working environment.
