

# NECK SIZER DIES - NECK SIZER DIE 303 BRITISH

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

## Attributes

# Safety Instruction Guide for NECK SIZER DIES

## NECK SIZER DIE 303 BRITISH

### Introduction

Thank you for choosing the NECK SIZER DIES NECK SIZER DIE 303 BRITISH. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this guide carefully before using the die.

### General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press before using the neck sizing die.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the neck sizing die in a safe and dry location when not in use.
- Do not use the neck sizing die for any purpose other than its intended use.
- Always follow the manufacturer's instructions and guidelines when using the die.

### Specific Safety Precautions for Use

- Before using the neck sizing die, inspect it for any signs of damage or wear. Do not use a damaged die.
- Ensure that the die is properly secured in the reloading press before starting the sizing process.
- Use appropriate lubrication on the case neck to avoid damaging the die and ensure smooth operation.
- Avoid oversizing the neck, as this can lead to improper bullet seating and potential safety hazards.
- Be cautious when decapping spent primers. Ensure that the spent primer is removed safely to avoid injury.
- Keep fingers and hands clear of moving parts during operation to prevent injury.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is turned off and unplugged (if applicable).
- Remove the existing die from the press if necessary.
- Insert the NECK SIZER DIE into the press and secure it tightly, following the manufacturer's instructions.
- Adjust the die to the appropriate height for your cartridge case.

#### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Apply a light coat of case neck lubricant to the neck of the cartridge case.
- Place the cartridge case into the shell holder of the press.
- Engage the press handle to raise the ram and size the neck of the cartridge case.
- After sizing, lower the ram and remove the cartridge case from the shell holder.
- Check the neck tension and repeat the process as necessary for additional cases.

### Disposal Instructions

- Dispose of any damaged or wornout neck sizing dies according to local regulations for metal recycling.
- Do not dispose of the die in regular household waste.
- Ensure that all components are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any questions or concerns regarding the NECK SIZER DIES NECK SIZER DIE 303 BRITISH, please refer to the manufacturer's website or contact customer support for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the NECK SIZER DIES NECK SIZER DIE 303 BRITISH. Always prioritize safety and adhere to best practices while handling and using reloading equipment.
