

NECK SIZER DIES - NECK SIZER DIE 243 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

NECK SIZER DIES NECK SIZER DIE 243 WIN Safety Instruction Guide

Introduction

Thank you for purchasing the NECK SIZER DIES NECK SIZER DIE for 243 Winchester. This guide provides essential safety instructions to ensure the safe use and handling of your neck sizing die. Please read this document carefully before use to understand potential hazards and how to mitigate them.

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Store the neck sizing die in a safe and dry location, out of reach of children.
- Inspect the die for any signs of damage before each use. Do not use if damaged.
- Use personal protective equipment (PPE) such as safety glasses and gloves during operation.
- Be aware of your surroundings and ensure that the area is free from distractions and hazards.

Specific Safety Precautions for Use

- Ensure that the reloading press is securely mounted and stable before beginning the reloading process.
- Never exceed the recommended load limits for your cartridge.
- Use only compatible components with the neck sizing die, as specified by the manufacturer.
- Keep fingers and hands clear of moving parts during operation.
- Always work in a wellventilated area to avoid inhalation of any dust or particles.
- Do not attempt to modify the die or its components in any way.

Instructions for Installation and Usage

1. Installation

- Ensure that your reloading press is turned off and unplugged.
- Remove the neck sizing die from its packaging.
- Insert the neck sizing die into the reloading press's die holder and tighten securely.
- Adjust the die to the desired depth according to the manufacturer's specifications.

2. Usage

- Begin by preparing your cartridge cases. Clean and inspect each case for damage.
- Insert the case into the reloading press and ensure it is properly aligned with the neck sizing die.
- Pull the handle of the reloading press to size the neck of the cartridge case.
- After sizing, remove the case and check for proper neck tension.
- If necessary, repeat the sizing process until the desired tension is achieved.
- Decap the spent primer as part of the sizing process, ensuring that all components are used according to the manufacturer's instructions.

Disposal Instructions

- Dispose of any spent primers, excess materials, or damaged components in accordance with local regulations.
- Do not dispose of the neck sizing die in regular household waste. Contact your local waste management facility for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of your NECK SIZER DIES NECK SIZER DIE, please refer to the manufacturer's website or contact their customer service for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your NECK SIZER DIES NECK SIZER DIE 243 WIN. Always prioritize safety and adhere to all guidelines to protect yourself and others during the reloading process.
