

NECK SIZER DIES - RCBS NECK SIZER DIE 30-06 SPRGFLD

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Neck sizing dies size only the case neck of the cartridge - not the shoulder or the case body. Use neck dies when cases are fired in the same rifle and a close cartridge case to chamber fit is desired. The neck die will size the neck, decap the spent primer, then size for correct bullet tension with the expander ball. Neck dies come in an RCBS plastic die box and will fit all 7/8 to 14 reloading presses.

Attributes

Safety Instruction Guide for RCBS Neck Sizer Die 3006 Springfield

Introduction

Thank you for purchasing the RCBS Neck Sizer Die for 3006 Springfield. This guide provides important safety instructions to ensure the safe and effective use of your neck sizing die. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** This product has been designed and manufactured to meet safety standards. Ensure safe use by following the instructions provided.
- **Enhanced Recalls:** In the unlikely event of a product recall, stay informed through standardized notices and remedies available for any dangerous products.
- **Online Shopping:** Be aware that the same safety protections apply to products purchased online as those bought in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken when using this product around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, ensure you have access to an EU-based contact.
- **Rapid Alerts:** Stay updated on product safety through the Safety Gate system for rapid alerts on unsafe products.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the instructions before using the neck sizer die.
- **Personal Protective Equipment (PPE):** Wear safety glasses and gloves when handling reloading equipment to protect against potential hazards.
- **Work Environment:** Ensure your work area is clean, well-lit, and free from distractions.
- **Check for Damage:** Inspect the die for any signs of damage before use. Do not use if damaged.
- **Keep Out of Reach:** Store the die out of reach of children and pets to prevent accidents.
- **Proper Handling:** Handle the die with care to avoid injury. Use appropriate tools for installation and removal.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure your reloading press is compatible with the 7/8 to 14 thread size.
 2. Securely attach the neck sizer die to the press following the manufacturer's instructions.
 3. Adjust the die to the desired depth based on your specific reloading needs.
- **Usage:**
 1. Insert the cartridge case into the shell holder of the reloading press.
 2. Raise the ram to bring the case into contact with the neck sizer die.
 3. Lower the ram to complete the sizing process.
 4. Remove the sized case and inspect it for proper neck tension.
 5. Repeat the process for additional cases as needed.
- **Decapping:** The neck sizer die will decap the spent primer during the sizing process. Ensure you have a safe method to collect the spent primers.

Disposal Instructions

- **Dispose of Waste:** Follow local regulations for the disposal of used primers and any other waste materials produced during the reloading process.
- **Recycling:** If applicable, recycle any metal components in accordance with local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use of the RCBS Neck Sizer Die, please refer to the manufacturer's website or contact your local retailer for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RCBS Neck Sizer Die. Thank you for choosing our product, and happy reloading!
