

# LOCK-N-LOAD PISTOL METERING INSERTS - HORNADY LOCK-N-LOAD MICROMETER PISTOL METERING INSERT

[Reloading](#) > [Powder Handling](#) > [Measure Stands & Accessories](#)

For use in your L-N-L Powder Measure, this pistol rotor features a smaller chamber for more precise metering of charge weights between .5 and 17 gr. For extremely precise measurements, the Micrometer Pistol Insert allows you to make and monitor incremental changes and return to previous settings. In order to use this insert, you must have the Pistol Rotor and Standard Metering Insert.

## Attributes

- Name: [HORNADY LOCK-N-LOAD MICROMETER PISTOL METERING INSERT](#)

# **Safety Instruction Guide for LOCKNLOAD PISTOL METERING INSERTS**

## **Introduction**

Thank you for choosing the LOCKNLOAD PISTOL METERING INSERTS by Hornady. This guide provides essential safety information to ensure the safe use of this product. Please read this guide carefully before using the product to avoid any potential hazards.

## **General Safety Guidelines**

- Product Safety:
  - Always ensure that the product is used in accordance with the manufacturer's instructions.
  - Be aware of risks associated with the use of nonfood products, including potential hazards not covered by other regulations.
- Enhanced Recalls:
  - Stay informed about product recalls. If a recall is issued, follow the instructions provided to return or remedy the product.
- Online Shopping:
  - Ensure that you purchase this product from authorized retailers that comply with safety requirements.
- Special Consumer Focus:
  - Keep this product out of reach of children and vulnerable individuals to prevent accidents.
- EU Contact Point:
  - For safety inquiries regarding this product, please refer to the manufacturer's contact information provided with your purchase.
- Rapid Alerts:
  - Check the EU's Safety Gate platform for updates on product safety and recalls.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including safety glasses and gloves, when handling the LOCKNLOAD PISTOL METERING INSERTS.
- Ensure that the product is compatible with your LNL Powder Measure before use.
- Do not exceed the recommended charge weights (between .5 and 17 gr) to avoid dangerous overloading.
- Make incremental changes and monitor them closely. Avoid making large adjustments at once.
- If you experience any malfunction or suspect a defect, cease use immediately and consult the manufacturer.
- Do not attempt to modify the product or use it for unintended purposes.

## **Instructions for Installation and Usage**

## 1. Preparation:

- Ensure you have the Pistol Rotor and Standard Metering Insert for proper installation.

## 2. Installation:

- Remove the existing metering insert from your LNL Powder Measure.
- Carefully insert the LOCKLOAD PISTOL METERING INSERT into the Pistol Rotor.
- Ensure it is securely in place and properly aligned.

## 3. Usage:

- Set the desired charge weight using the Micrometer feature.
- Make small adjustments as needed for precise metering.
- After setting, monitor the charge weights closely and return to previous settings if necessary.

## 4. Cleaning:

- After use, clean the metering insert according to the manufacturer's instructions to maintain its accuracy and longevity.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer functional, contact the manufacturer for guidance on proper disposal methods.

## Contact Information for Further Support

For further assistance, please refer to the manufacturer's contact information provided with your product. Ensure you have the product details ready for a quicker resolution to your inquiries.

By following these guidelines, you can ensure the safe and effective use of the LOCKLOAD PISTOL METERING INSERTS. Thank you for your attention to safety.
