

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 300 WSM FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 300 WSM FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749004800

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing Forster Full Length Sizing Dies. These dies are designed to provide you with highquality reloading results. It is important to follow safety guidelines to ensure safe use and optimal performance. This guide outlines the necessary safety precautions, installation instructions, and disposal information to help you use this product safely and effectively.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure you are using the die with compatible cartridges, specifically the 300 WSM (Winchester Short Mag).
- Keep the dies out of reach of children and vulnerable individuals.
- Inspect the dies for any damage before use. Do not use if damaged.
- Store dies in a dry, secure location to prevent rust and contamination.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during reloading operations.

## Specific Safety Precautions for Use

- Ensure your workspace is clean and welllit to avoid accidents.
- Use the dies only for their intended purpose—fulllength resizing of cases.
- Follow all reloading safety practices, including checking powder levels and using proper tools.
- Do not exceed recommended load limits as specified in reputable reloading manuals.
- When using the EZ Out Expander button, ensure it is properly positioned to maintain case neck concentricity.
- Avoid wearing loose clothing or accessories that could get caught in machinery during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Insert the Forster Full Length Sizing Die into the press and tighten securely using the Forster Cross Bolt Die Locking Ring.
- Check that the die is aligned properly for optimal operation.

### 2. Usage:

- Begin by preparing your cases according to standard reloading practices.
- Adjust the die height to ensure it contacts the shell holder when the ram is fully raised.
- Insert the case into the shell holder and raise the ram to begin the resizing process.
- Use the EZ Out Expander button to expand the case neck as needed, ensuring alignment during withdrawal.
- Inspect resized cases for quality and concentricity before proceeding to the next step in the reloading process.

## **Disposal Instructions**

- Dispose of any damaged or unusable dies in accordance with local waste disposal regulations.
- If you have any spent primers or leftover materials from the reloading process, follow local guidelines for hazardous waste disposal.
- Do not dispose of reloading materials in regular household trash.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of your Forster Full Length Sizing Dies, please consult the product manual or reach out to your local retailer or distributor for assistance.

Thank you for prioritizing safety while using Forster Full Length Sizing Dies. By following these guidelines, you can ensure a safe and efficient reloading experience.
