

TRIM DIES - REDDING TRIM DIE 6.5X57MM MAUSER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Trim Dies allow you to file trim your cases without unnecessary resizing. Other manufacturers use sizing die dimensions, forcing you to full length resize when trimming. For case forming and necking brass down from another caliber, Redding Trim Dies can be the perfect intermediate step before full length resizing.

Safety Instruction Guide for Redding Trim Die 6.5x57mm Mauser

Introduction

Thank you for choosing the Redding Trim Die 6.5x57mm Mauser. This product is designed to assist you in safely trimming your brass cases without unnecessary resizing. To ensure your safety and the effective use of this product, please read and follow the guidelines outlined in this safety instruction guide.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always use the trimming die in a wellventilated area to avoid inhaling any dust or debris.
- Keep the trimming die and all related tools out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die to protect against metal shavings and sharp edges.
- Regularly inspect the die for any signs of wear or damage before use. Do not use if damaged.
- Follow the manufacturer's recommendations for usage to ensure safe and effective operation.

Specific Safety Precautions for Use

- Always ensure that the die is securely mounted in your reloading press before use.
- Never attempt to modify or alter the die in any way, as this can lead to malfunction or injury.
- Do not overload the die or apply excessive force during trimming, as this can cause the die to break or malfunction.
- When trimming cases, ensure your hands and fingers are clear of the trimming area to avoid injury.
- Use only the recommended cartridge type with this die to prevent accidents or damage to the product.
- Store the die in a safe, dry place when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and properly set up.
- Insert the Redding Trim Die into the press and secure it tightly according to the manufacturer's instructions.
- Adjust the die to the desired trimming length using the provided settings.

2. Usage:

- Prepare your brass cases by cleaning them thoroughly to remove any dirt or debris.
- Place the brass case into the die as per the manufacturer's guidelines.
- Apply a smooth and steady pressure to the handle of the reloading press to trim the case.
- Once the trimming is complete, remove the case and inspect it for any defects or issues.
- Repeat the process for additional cases as needed, ensuring to follow the safety precautions at all times.

Disposal Instructions

- Dispose of any metal shavings and debris in accordance with local regulations.
- Do not throw the die or any components into regular trash if they are damaged. Instead, contact your local waste management facility for proper disposal methods.
- Recycle any materials if applicable, following local recycling guidelines.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Redding Trim Die 6.5x57mm Mauser, please reach out to the appropriate support channels provided by the manufacturer or authorized dealers.

By following these safety instructions, you can ensure a safe and effective experience while using the Redding Trim Die. Always prioritize safety and proper usage to enjoy the full benefits of your reloading tools.
