

# ULTRA™ MICROMETER SEATER DIES - 257 ACKLEY IMPROVED MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [257 ACKLEY IMPROVED MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006716
- Mfr. No.: U00052
- Cartridge: 257 Ackley
- Diameter (in): -
- Die Style: Bullet Seating Dies
- Delivery weight: 0.476kg
- Shipping height: 53mm

# ULTRA™ MICROMETER SEATER DIES 257 ACKLEY IMPROVED Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES 257 ACKLEY IMPROVED. This guide provides essential safety instructions to ensure the safe and effective use of this reloading die. Please read the entire guide carefully before using the product.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not addressed by other EU laws.
- Always check for recall updates on the EU's Safety Gate platform.
- Report unsafe products and accidents to the appropriate authorities.
- Follow safety guidelines especially if you belong to a vulnerable group, such as children.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the work area clean and organized to avoid accidents.
- Ensure that the reloading dies are used in a wellventilated area to minimize exposure to dust and fumes.
- Store the dies in a safe place, out of reach of children and pets.
- Do not exceed the recommended bullet seating depths or adjustments as specified in the product manual.
- Regularly inspect the die for any signs of wear or damage. Do not use if damaged.

## Instructions for Installation and Usage

### 1. Preparation:

- Read the entire instruction manual before beginning.
- Gather all necessary tools and materials for reloading.

### 2. Installation:

- Secure the die into the reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly and does not wobble during use.

### 3. Adjusting the Micrometer:

- Use the micrometer adjustment to set the desired bullet seating depth.
- Adjust in increments of .0005 inch to .001 inch for precise control.
- Record the setting for future reference to easily switch between different bullet types.

### 4. Reloading Process:

- Follow standard reloading procedures, ensuring that all components are compatible and safe to use.
- Monitor the reloading process closely to avoid any mishaps.

### 5. PostUse:

- Clean the die after each use to remove any debris or residue.

- Store the die in a protective case to prevent damage.

## Disposal Instructions

- Dispose of any used or damaged reloading dies in accordance with local regulations.
- Do not dispose of in regular household waste. Instead, contact local waste management services for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support, please refer to the manufacturer's contact information provided with the product packaging. It is essential to have a reliable point of contact for any safety concerns or product issues.

By following these safety guidelines and instructions, you can ensure a safe and productive reloading experience with your ULTRA™ MICROMETER SEATER DIES 257 ACKLEY IMPROVED. Always prioritize safety and report any concerns to the appropriate authorities. Thank you for your attention to these important safety measures.
