

# ULTRA™ MICROMETER SEATER DIES - FORSTER PRODUCTS, INC. 300 REMINGTON SAUM MICROMETER SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. The Forster Ultra Seater includes all of the features of the Forster Bench Rest Seater Die above, plus an ultra accurate micrometer adjustment. This micrometer adjustment allows you to adjust bullet seating depth from .0005 inch to .001 inch increments, and makes switching bullets easy - just dial back to your previous recorded setting. Forster Ultra Seaters make fine tuning your bullets to the lands of your rifling simple.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 300 REMINGTON SAUM MICROMETER SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749006838

# ULTRA™ MICROMETER SEATER DIES FORSTER PRODUCTS, INC. Safety Instruction Guide

## Introduction

Thank you for choosing the ULTRA™ MICROMETER SEATER DIES by Forster Products, Inc. This product is designed to help you achieve precise bullet seating for your reloading needs. It is important to follow the safety guidelines and instructions provided in this guide to ensure safe and effective usage.

## General Safety Guidelines

- Ensure safe use of the ULTRA™ MICROMETER SEATER DIES by following all guidelines outlined in this document.
- Be aware of potential risks associated with reloading ammunition and handle all components with care.
- Always use protective eyewear and gloves when operating reloading equipment.
- Keep the work area clean and free from distractions to minimize the risk of accidents.
- Store the dies in a secure location, out of reach of children and vulnerable individuals.
- Regularly inspect the dies for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Only use the ULTRA™ MICROMETER SEATER DIES with compatible cartridges, specifically the 300 SAUM (Remington SA Ultra Mag).
- Ensure that the dies are securely attached to the reloading press before use.
- Do not exceed the recommended bullet seating depth adjustments. Adjustments should be made in increments of .0005 inch to .001 inch.
- Avoid using excessive force when adjusting the micrometer settings to prevent damage to the die.
- Always follow the manufacturer's instructions for bullet seating and reloading processes.
- If you are new to reloading, consider seeking guidance from experienced reloaders or professional training.

## Instructions for Installation and Usage

### 1. Installation

- Remove the ULTRA™ MICROMETER SEATER DIES from its packaging.
- Carefully inspect the dies for any signs of damage or defects.
- Securely attach the die to your reloading press following the manufacturer's instructions.
- Ensure that the Forster Cross Bolt Die Locking Ring is properly tightened to prevent movement during use.

### 2. Usage

- Prepare your reloading components, including cases and bullets, in a clean and organized workspace.
- Adjust the micrometer to your desired bullet seating depth. Use the increments of .0005 inch to .001 inch for precise adjustments.
- Insert the bullet into the case and position it under the die.
- Activate the reloading press to seat the bullet to the desired depth.
- After seating, check the bullet depth with a caliper to ensure accuracy.
- Repeat the process for additional rounds, adjusting the micrometer as necessary.

## Disposal Instructions

- Dispose of any unused or damaged reloading components, including the ULTRA™ MICROMETER SEATER DIES, in accordance with local regulations.
- Do not discard in regular household waste. Check with local authorities for proper disposal methods for metal and hazardous materials.

## Contact Information for Further Support

For any inquiries regarding the ULTRA™ MICROMETER SEATER DIES or safety concerns, please refer to the contact details provided with the product packaging or on the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the ULTRA™ MICROMETER SEATER DIES. Thank you for your attention to safety and for choosing Forster Products, Inc.
