

DELUXE 3-DIE SETS - REDDING 358 WINCHESTER 3 DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

DELUXE 3DIE SETS REDDING 358 WINCHESTER

Safety Instruction Guide

Introduction

Thank you for choosing the DELUXE 3DIE SETS REDDING 358 WINCHESTER. This guide provides important safety information and instructions for the safe use, installation, and disposal of the product. Please read this manual carefully to ensure safe handling and operation.

General Safety Guidelines

- Always use the die set in accordance with the manufacturer's instructions.
- Ensure that the work area is clean and welllit to prevent accidents.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear before use.
- Use personal protective equipment (PPE) such as safety glasses when operating the die set.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the dies are compatible with your reloading equipment.
- Always check that the reloading press is securely mounted and stable before using the die set.
- Avoid using excessive force when adjusting or operating the dies.
- Do not modify the dies or use them for unintended purposes.
- When changing dies, always ensure that the press is in a safe position and not under load.
- Follow all recommended procedures for handling and storing ammunition components.

Instructions for Installation and Usage

1. Installation:

- Unpack the die set and ensure all components are present: full length sizing die, standard seating die, neck sizing die, spare decapping pin, and hex wrench.
- Securely mount your reloading press according to the manufacturer's specifications.
- Install the full length sizing die into the press first. Use the hex wrench to tighten it securely.
- Next, install the neck sizing die. Ensure it is properly seated and tightened.
- Finally, install the standard seating die.

2. Usage:

- Begin by resizing your brass cases using the full length sizing die. Follow the specific instructions for your reloading press.
- After resizing, inspect each case for signs of damage or wear.
- Proceed to the neck sizing die for further adjustments if necessary.
- Use the standard seating die to seat bullets in prepared cases. Ensure the correct bullet seating depth is achieved.
- After completing the reloading process, carefully inspect the finished ammunition for quality and safety.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.

- Consult local guidelines for the safe disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the DELUXE 3DIE SETS REDDING 358 WINCHESTER, please consult the manufacturer or authorized dealer for assistance. It is important to have a reliable contact for any safety inquiries.

By following these guidelines and instructions, you can ensure the safe and effective use of your DELUXE 3DIE SETS REDDING 358 WINCHESTER. Thank you for prioritizing safety in your reloading activities.
