Safety Instruction Guide for Redding Type S Bushing Neck Die Set

Introduction

Thank you for choosing the Redding Type S Bushing Neck Die Set for your reloading needs. This guide provides essential safety information to ensure the safe and effective use of the product. Please read this manual carefully before using the die set.

General Safety Guidelines

- Ensure that all components are in good condition and free from damage before use.
- Always wear appropriate safety gear, including safety glasses and gloves, while handling and using reloading equipment.
- Keep the workspace clean and organized to prevent accidents and ensure efficient operation.
- Store the die set in a dry and secure location, away from children and pets.
- Regularly check for updates on product recalls or safety alerts through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Only use the die set with the specified cartridge: 3006 Springfield.
- Do not exceed recommended load limits or use incompatible components.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- Use the die set in a wellventilated area to minimize exposure to dust and fumes.
- Be aware of the potential hazards associated with reloading, including the risk of accidental discharge.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Carefully remove the die set from its packaging.
- Install the sizing die into the press according to the manufacturer's instructions.
- Adjust the die to the correct position for the cartridge being used.

2. Usage:

- Follow the reloading data from a reliable source to determine the correct powder charge and bullet type.
- Inspect each case for defects before reloading.
- Use the bushing to adjust neck tension according to your specific needs.
- After reloading, inspect each round for proper seating and crimping.

Disposal Instructions

- Dispose of any unused or expired components according to local regulations.
- Do not dispose of hazardous materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For further assistance or safety inquiries, please refer to the manufacturer's website or contact the appropriate

EUbased support services. Always ensure that you have the latest information regarding safety and recalls.

By following these guidelines, you can ensure a safer reloading experience with your Redding Type S Bushing Neck Die Set. Thank you for your attention to safety.
