

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 300 WSM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 300 WSM](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007421
- Mfr. No.: 56223

# Safety Instruction Guide for Redding Competition Bushing Neck Die 300 WSM

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 300 WSM. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the die.

## General Safety Guidelines

- Ensure the die is used only for its intended purpose.
- Keep the die out of reach of children and vulnerable individuals.
- Always wear appropriate safety gear, including eye protection, when using the die.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all instructions provided in this guide to avoid potential hazards.

## Specific Safety Precautions for Use

- **Handling:** Always handle the die with care. Avoid dropping or mishandling it, as this may cause damage.
- **Setup:** Ensure that the die is securely mounted in your reloading press before use.
- **Adjustment:** Make all adjustments to the die while it is not in use to prevent accidental injury.
- **Sizing Process:** During the sizing process, keep hands and other body parts clear of the die and press to avoid injury.
- **Decapping Rod:** Handle the decapping rod with care. Ensure it is properly aligned to avoid damage to the die or cartridge cases.
- **Cleaning:** Clean the die regularly to maintain its performance. Use appropriate cleaning materials that will not damage the die.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Redding Competition Bushing Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press ram for optimal performance.

### 2. Usage:

- Prepare your cartridge cases by ensuring they are clean and free from debris.
- Insert the cartridge case into the die.
- Adjust the micrometer to set the desired neck length.
- Begin the sizing process by operating the press handle slowly and steadily.
- After resizing, carefully remove the cartridge case from the die.

### 3. PostUsage:

- Inspect the resized cartridge cases for any signs of damage.
- Store the die in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste if it is damaged or no longer functional.
- Consider recycling options for metal components where available.

## **Contact Information for Further Support**

For safety inquiries or further support regarding the Redding Competition Bushing Neck Die, please consult your retailer or the manufacturer directly for assistance. Always ensure you are following the most current safety practices and guidelines.

By adhering to these safety instructions, you can ensure a safe and efficient reloading experience with your Redding Competition Bushing Neck Die 300 WSM. Thank you for prioritizing safety in your reloading practices.
