

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 6MM REM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

Safety Instruction Guide for Redding Competition Bushing Neck Die 6mm Rem

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 6mm Rem. This product is designed for precision reloading and is suitable for competition shooters. To ensure your safety and the best performance of this product, please read and follow the safety instructions carefully.

General Safety Guidelines

- **Product Safety:** This die is intended for use in the reloading of ammunition. Ensure that you are familiar with all safety practices related to ammunition reloading.
- **Enhanced Recalls:** In the unlikely event of a product recall, stay informed through official channels and take immediate action as instructed.
- **Online Shopping:** When purchasing online, ensure you are buying from reputable dealers who comply with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please consult your retailer or the manufacturer.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read Instructions:** Always read the instruction manual before using the die.
- **Protective Gear:** Wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- **Check for Damage:** Inspect the die for any signs of damage before use. Do not use if damaged.
- **Proper Setup:** Ensure that the die is properly set up in your reloading press according to the instructions.
- **Avoid Distractions:** Do not reload ammunition when you are tired or distracted.
- **Environment:** Use the die in a wellventilated area to avoid inhalation of any particles or fumes.
- **Keep Workspace Clean:** Maintain a clean workspace to prevent accidents and ensure safe handling of components.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted.
- Insert the Redding Competition Bushing Neck Die into the press according to the manufacturer's instructions.
- Tighten the die securely in place.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Select the appropriate bushing for your desired neck size, which is sold separately.
- Place the cartridge case in the sliding sleeve of the die.
- Begin the sizing process by moving the press handle upward. Ensure the cartridge case remains supported throughout the process.
- After resizing, check the neck length to confirm it meets your specifications.
- After use, clean the die to remove any debris or residue.

Disposal Instructions

- **Environmental Responsibility:** Dispose of any unused or damaged parts in accordance with local regulations.
- **Recycling:** Where possible, recycle materials rather than discarding them as waste.
- **Hazardous Waste:** If any parts are deemed hazardous, contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For further assistance regarding the Redding Competition Bushing Neck Die, please consult your retailer or the manufacturer. Always ensure you have the latest information and support from authorized sources.

By following these guidelines, you can ensure a safer reloading experience with your Redding Competition Bushing Neck Die 6mm Rem. Thank you for prioritizing safety and precision in your reloading practices.
