

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 6.5X55MM SWEDISH

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 6.5X55MM SWEDISH](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007425
- Mfr. No.: 56132

Safety Instruction Guide for Redding Competition Bushing Neck Die 6.5x55mm Swedish

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This guide provides essential safety instructions and usage information to ensure your safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, such as safety glasses, when using reloading equipment.
- Keep the work area clean and free of clutter to prevent accidents.
- Store the die in a cool, dry place, away from children and pets.
- Regularly inspect the die for any signs of wear or damage before use.
- Do not attempt to modify the die or use it for purposes other than intended.

Specific Safety Precautions for Use

- Handle all components of the reloading process with care to prevent injury.
- Ensure that the cartridge case is fully supported before beginning the sizing process.
- Avoid placing hands or fingers near moving parts during operation.
- Be aware of the potential for lead exposure when handling spent cartridge cases. Wash hands thoroughly after use.
- If you experience any unusual resistance during sizing, stop immediately and inspect the die for blockages or damage.
- Do not use the die if it has been damaged or modified in any way.

Instructions for Installation and Usage

1. Installation

- Secure the die in the reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press to avoid misalignment during operation.
- Check that the decapping rod is correctly positioned within the die.

2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Insert the cartridge case into the die, ensuring it is fully supported.
- Adjust the micrometer to the desired neck length before beginning the sizing process.
- Gradually move the press handle to size the neck of the cartridge case.
- Once the sizing is complete, carefully remove the cartridge case from the die.
- Inspect the resized case for any defects or irregularities before proceeding with further reloading steps.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle materials whenever possible, such as metal parts or packaging.
- Do not dispose of spent cartridge cases in regular trash; follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Redding Competition Bushing Neck Die, please refer to the manufacturer's contact information included with your product packaging or visit the manufacturer's website for additional resources.

Thank you for your attention to these safety instructions. Proper use and maintenance of your Redding Competition Bushing Neck Die will ensure a safe and enjoyable reloading experience.
