

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 300 WEATHERBY MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 300 WEATHERBY MAG](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007428

Safety Instruction Guide for Redding Competition Bushing Neck Die 300 Weatherby Mag

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die for your reloading needs. This product is designed for precision in resizing cartridge cases, specifically for the 300 Weatherby Magnum. To ensure safe and effective use of this product, please read and follow the safety guidelines outlined in this document.

General Safety Guidelines

- **Product Safety:** Always ensure safe use of the die according to the manufacturer's instructions. This product is designed for nonfood use and complies with EU safety regulations.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Check the EU Safety Gate platform regularly.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Be aware of the Safety Gate system for updates on unsafe products.

Specific Safety Precautions for Use

- **Use Personal Protective Equipment (PPE):** Always wear safety glasses and gloves while operating the die to protect against debris and sharp edges.
- **Inspect the Die:** Before each use, inspect the die for any signs of damage or wear. Do not use if damaged.
- **Proper Handling:** Handle the die with care. Avoid dropping or striking it against hard surfaces.
- **Avoid Overloading:** Do not exceed the manufacturer's recommended load specifications. Overloading can lead to malfunction or injury.
- **Keep Work Area Clean:** Ensure your work area is free from clutter and distractions to maintain focus while using the die.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have all necessary components: the die, bushings, and shellholder (sold separately).
- Gather required tools, including a reloading press.

2. Installation:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Select the appropriate bushing for your desired neck size and install it into the die.

3. Usage:

- Insert the cartridge case into the shellholder.
- Raise the ram of the reloading press to align the cartridge case with the die.
- As you begin the sizing process, ensure that the cartridge case is fully supported and aligned with the sizing bushing.
- Adjust the micrometer to control the desired neck length.

4. **Decapping:**

- The decapping rod should remain in precise alignment. Make adjustments if necessary to ensure proper function.

5. **PostUse:**

- Clean the die after use to prevent buildup of debris.
- Store the die in a safe place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options or hazardous waste disposal sites in your area.

Contact Information for Further Support

For assistance, please refer to the manufacturer's website or customer service for any questions or concerns regarding the Redding Competition Bushing Neck Die.
