

# COMPETITION BUSHING NECK DIES - COMPETITION BUSHING NECK DIE 25-06 REM

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: COMPETITION BUSHING NECK DIE 25-06 REM
- Manufacturer: REDDING
- Product no.: 749007429
- Mfr. No.: 56120
- Cartridge: 25-06 Remington
- Die Style: Neck Die
- Delivery weight: 0.431kg
- Shipping height: 43mm
- Shipping width: 109mm
- Shipping length: 152mm
- UPC: 611760561207

# Safety Instruction Guide for Competition Bushing Neck Die 2506 Rem

## Introduction

Thank you for choosing the Competition Bushing Neck Die 2506 Rem by Redding. This product is designed for precision reloading of cartridge cases for competition shooting. To ensure safe and effective use of this die, please read and follow the safety guidelines and instructions outlined in this document.

## General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean and organized to prevent accidents.
- Handle all reloading components, including dies and cartridge cases, with care.
- Keep the die and all reloading tools out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Be aware of potential hazards associated with reloading, including lead exposure and the handling of chemicals.

## Specific Safety Precautions for Use

- Inspect the die before each use for any signs of damage or wear. Do not use if damaged.
- Ensure that the die is securely mounted in the reloading press before operation.
- Use only compatible cartridge cases with this die to avoid malfunction.
- Avoid excessive force when resizing cartridge cases to prevent damage to the die or cases.
- Do not exceed the recommended load specifications for your cartridges.
- Follow all local regulations for the safe handling and storage of reloading components.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press ram for optimal performance.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them before resizing.
- Insert the cartridge case into the die and ensure it is properly supported.
- Adjust the micrometer setting on the bushing to achieve the desired neck length.
- Operate the press slowly and steadily, allowing the resizing bushing to self-center on the case neck.
- After resizing, remove the cartridge case and inspect it for proper sizing.

## Disposal Instructions

- Dispose of any damaged or worn parts of the die in accordance with local regulations.
- Recycle packaging materials where possible.
- Ensure that all hazardous materials associated with reloading are disposed of safely and responsibly.

## Contact Information for Further Support

For further assistance or inquiries regarding the safety and use of the Competition Bushing Neck Die 2506 Rem, please contact the manufacturer or your local distributor.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Competition Bushing Neck Die 2506 Rem. Always prioritize safety and stay informed about best practices in reloading. Thank you for choosing Redding products.
