

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 25-06 REM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 25-06 REM](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007429
- Mfr. No.: 56120

Safety Instruction Guide for Redding Competition Bushing Neck Die 2506 Rem

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 2506 Rem. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read all instructions carefully before use.

General Safety Guidelines

- Ensure that the die is used in accordance with the manufacturer's specifications.
- Regularly inspect the die for any signs of wear or damage before each use.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the die and all related components out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use may lead to serious injury or damage.
 - Ensure that the cartridge case is properly aligned before starting the sizing process.
- **Avoiding Hazards:**
 - Do not exceed the recommended sizing limits for the die.
 - Handle the decapping rod with care to prevent injury.
 - Ensure that the bushing is securely in place before using the die.
- **Age Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the reloading press is securely mounted and stable.
 2. Remove any previous dies from the press.
 3. Insert the Redding Competition Bushing Neck Die into the press.
 4. Tighten the die securely to prevent movement during operation.
- **Usage:**
 1. Prepare the cartridge case by cleaning and inspecting it for defects.
 2. Insert the cartridge case into the die, ensuring it is fully supported and aligned.
 3. Adjust the micrometer to the desired neck length for sizing.
 4. Slowly raise the press handle to move the cartridge case upward into the sizing bushing.
 5. After sizing, remove the cartridge case and inspect it for proper sizing.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- Do not dispose of the die in regular household waste; check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please contact the manufacturer or your local distributor for assistance. Ensure that you have the product information ready for reference.

By following these safety instructions, you can ensure a safe and successful reloading experience with the Redding Competition Bushing Neck Die 2506 Rem. Thank you for your attention to safety.
