

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 220 SWIFT

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 220 SWIFT](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007435
- Mfr. No.: 56107

Safety Instruction Guide for Redding Competition Bushing Neck Die 220 Swift

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 220 Swift. This guide provides essential safety instructions and usage guidelines to ensure a safe and effective reloading experience. Please read this document carefully before using the product.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the work area clean and organized to prevent accidents and injuries.
- Ensure that the die is compatible with your specific cartridge before use.
- Store the die in a safe, dry place when not in use, away from children and pets.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:** The resizing process may involve sharp edges and moving parts. Handle the die with care.
- **Avoiding Hazards:**
 - Do not attempt to modify the die or its components.
 - Ensure the die is securely mounted in your reloading press before use.
 - Do not exceed recommended sizing specifications to prevent damage to the die or cartridge cases.
- **Audience Specific Warnings:** This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is clean and properly set up.
- Insert the Redding Competition Bushing Neck Die into the press and tighten securely.
- Select the appropriate bushing for your cartridge case neck size and install it according to the manufacturer's instructions.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert a cartridge case into the die's sliding sleeve.
- Gradually raise the ram to engage the resizing bushing with the case neck.
- Monitor the resizing process to ensure proper alignment and avoid excessive force.
- After resizing, carefully remove the cartridge case from the die.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the die becomes damaged or unusable, contact your local waste disposal service for guidance on proper disposal methods.

Contact Information for Further Support

For inquiries regarding safety or product support, refer to the manufacturer's contact information, which can typically be found on the product packaging or the manufacturer's website.

Thank you for prioritizing safety while using the Redding Competition Bushing Neck Die 220 Swift. Happy reloading!
