

COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 6.5-284 NORMA

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 6.5-284 NORMA](#)
- Manufacturer: [REDDING](#)
- Product no.: 749007723

Safety Instruction Guide for Redding Competition Bushing Neck Die 6.5284 Norma

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 6.5284 Norma. This guide provides essential safety instructions and usage recommendations to ensure safe and effective operation of this product. It is important to read and understand this guide before using the die.

General Safety Guidelines

- Ensure safe use of the die by following these general safety guidelines:
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.
- Keep the work area clean and free from obstructions to prevent accidents.
- Ensure that all tools and equipment used in conjunction with the die are in good working condition.
- Store the die in a secure location away from children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Before using the die, make sure to:
- Read and understand the die's instructions and safety guidelines.
- Ensure that the die is compatible with the cartridge cases you are using.
- Do not exceed the recommended specifications for the die to avoid potential hazards.
- Avoid using the die if you are tired or under the influence of substances that may impair your judgment.
- Be cautious of sharp edges and moving parts when handling the die.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in a reloading press according to the manufacturer's instructions.
- Check that the die is properly aligned and tightened to prevent movement during use.

2. Usage:

- Insert the cartridge case into the die, ensuring it is properly supported.
- Adjust the micrometer to the desired neck length for sizing.
- Begin the sizing process slowly, allowing the bushing to selfcenter on the case neck.
- Maintain control of the cartridge case throughout the resizing process to ensure safety.
- After resizing, remove the cartridge case carefully and inspect it for any signs of damage.

Disposal Instructions

- When disposing of the die or any associated materials:
- Follow local regulations for the disposal of metal and plastic materials.
- Do not dispose of the die in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

- For any safety inquiries or further assistance regarding the Redding Competition Bushing Neck Die 6.5284 Norma, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and effective experience with your Redding Competition Bushing Neck Die. Thank you for your attention to safety.
