

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 300 REMINGTON ULTRA MAGNUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Bushing Full Length Die Set, 300 Remington Ultra Magnum

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Length Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the die set to understand the potential hazards and how to avoid them.

General Safety Guidelines

- Ensure that you are familiar with the reloading process and follow all safety protocols.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading.
- Keep your workspace clean and organized to prevent accidents.
- Store the die set and all reloading components out of reach of children and pets.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always handle the die set with care to avoid injury.
- Ensure that the die set is properly installed before use.
- Do not exceed recommended load data when reloading ammunition.
- Use only compatible components with the die set to prevent malfunctions.
- Inspect the die set for any signs of damage before each use.
- If you experience any difficulties during the reloading process, stop and seek assistance.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove the die set from its packaging and inspect all components for damage.
- Install the sizing die into the press according to the manufacturer's instructions, ensuring it is tightened securely.
- Insert the bushing into the sizing die according to your desired neck tension specifications.
- Adjust the die to the correct position for your cartridge length and secure it in place.

2. Usage:

- Prepare your cases by cleaning and inspecting them for defects.
- Lubricate cases as necessary to prevent sticking in the die.
- Follow the reloading data specific to the 300 Remington Ultra Magnum cartridge.
- Carefully place a case in the shell holder and raise the ram to size the case.
- After sizing, remove the case and check for proper dimensions.
- Proceed with the next steps of reloading, including priming, powder charging, and bullet seating, according to your reloading manual.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw the die set in regular trash if it is broken; check for recycling options or hazardous waste disposal facilities.
- Ensure that all reloading materials, including powder and primers, are disposed of safely and responsibly.

Contact Information for Further Support

For any inquiries regarding the Redding Type S Match Bushing Full Length Die Set, please refer to the manufacturer's website or customer service resources available in your region.

Thank you for your attention to these safety instructions. Proper use and care of your die set will contribute to a safe and successful reloading experience.
